INTRODUCTION

Tennis is among the most popular sports in the United States. It is played by amateurs and professionals, children and adults, women and men. It can be played for sheer enjoyment or in fiercely competitive tournaments, such as the famous Davis Cup, Wightman Cup and the Wimbledon tournaments. Like badminton, it requires agility, speed and almost continuous motion on the part of the player. It is often recommended as a good means of aerobic exercise.

HISTORY OF TENNIS

The game that we know as "tennis" today (officially known as "lawn tennis") was created by a British officer, Major Walter C. Wingfield, who introduced the game to Britain in 1873. The following year saw the introduction of the already popular game to America.

However, the real history of tennis apparently goes back far beyond Major Wingfield's day. A version of tennis was played in ancient Greece and in France in the 1500s.

The first tennis tournament was played at Wimbledon in England in 1877. While Wimbledon is still considered the most famous and prestigious tennis tournament in the world, the Davis Cup and Wightman Cup tournaments are also important annual events.
