Alan and Naomi by Myron Levoy Anne Troy, 2002 Guide for study of Myron Levoy's novel Alan and Naomi includes a brief summary author information teaching suggestions discussion questions and vocabulary and extension activities *A Literature Guide to Alan and Naomi* Ellen Gordon Reeves, 1991 Alan and Naomi by Myron Levoy Anne Troy, 1995 Guide for study of Myron Levoy's novel Alan and Naomi includes a brief summary author information teaching suggestions discussion questions and vocabulary and extension activities Alan and Naomi Myron Levoy, 1979 In New York of the 1940s a boy tries to befriend a girl traumatized by Nazi brutality in France *Melancholia and Maturation* Eric L. Tribunella, 2010-01-15 Coming of age in children's fiction often means achieving maturity through the experience of trauma In classics ranging from *Old Yeller* to *The Outsiders* a narrative of psychological pain defies expectations of childhood as a time of innocence and play In this provocative new book Eric L. Tribunella explores why trauma especially the loss of a loved object occurs in some of the most popular and critically acclaimed twentieth century American fiction for children Tribunella draws on queer theory and feminist revisions of Freud's notion of melancholia which is described as a fundamental response to loss arguing that the low grade symptoms of melancholia are in fact what characterize the mature sober and responsible American adult *Melancholia and Maturation* looks at how this effect is achieved in a society that purports to protect youngsters from every possible source of danger thus requiring melancholia to be induced artificially Each of the book's five chapters focuses on a different kind of lost object sacrificed so as to propel the child toward a distinctively gendered sexual ethical and national adulthood from same sex friends to the companionship of boy and his dog stories from the lost ideals of historical fiction about the American Revolution to the children killed or traumatized in Holocaust novels The author examines a wide spectrum of works including Jack London's dog tales the contemporary realistic novels of S. E. Hinton and Newbery Medal winners like Johnny Tremain and *Bridge to Terabithia* Tribunella raises fundamental questions about the value of children's literature as a whole and provides context for understanding why certain books become required reading for youth Eric L. Tribunella is assistant professor of English at the University of Southern Mississippi His articles have been published in *Children's Literature Association Quarterly* *Children's Literature in Education* *The Lion and the Unicorn* *A Critical Journal of Children's Literature* and *Children's Literature* **The Best in Children's Books** Zena Sutherland, 1980-05 Includes indexes **Erzählende Kinder- und Jugendliteratur im Deutschunterricht** Jan Standke, Kaspar H. perspectief Rita Ghesquière, 2009 Vanuit verschillende invalshoeken wordt het fenomeen jeugdliteratuur wetenschappelijk benaderd *Projecting the Holocaust Into the Present* Lawrence Baron, 2005 Most Holocaust scholars and survivors contend that the event was so catastrophic and unprecedented that it defies authentic representation in feature films Yet it is precisely the extremity of the Final Solution and the issues it raised that have fueled the cinematic imagination since the end of World War II Recognizing that movies reach a greater audience than eyewitness historical or literary accounts Lawrence Baron argues that they mirror changing public perceptions of the Holocaust over time and place After tracing the evolution of the most commonly employed genres and themes in earlier Holocaust motion pictures he focuses on how films from the 1990s made the Holocaust relevant for contemporary audiences While genres like biographical films and love stories about doomed Jewish Gentile couples remained popular they now cast Jews or non Jewish victims like homosexuals in lead roles more often than was the case in the past Baron attributes the recent proliferation of Holocaust comedies and children s movies to the search for more figurative and age appropriate genres for conveying the significance of the Holocaust to generations born after it happened He contends that thematic shifts to stories about neo Nazis rescuers survivors and their children constitute an expression of the continuing impact the Holocaust exerts on the present The book concludes with a survey of recent films like *Nowhere in Africa* and *The Pianist*
