Alcoholics Anonymous Big Book Chapter Summaries

Dick B.

Alcoholics Anonymous Big Book Chapter Summaries:

I Trudged Sergeant Skid Row, 2020-06-22 The book I Trudged describes the author's life going from a path of almost certain death to a life without complaints or regrets. The word trudged in the title implies that the journey was not an overnight event and that it wasn't always easy. His journey took him to eight countries and sixteen states. He describes the ups and downs in his recovery through a series of short stories. He ties together his personal experiences with the principles of recovery taught to him by those he met along the way.

The Akron Genesis of Alcoholics Anonymous Dick B., 2011-12-06 The story of A.A.'s birth at Dr. Bob's Home in Akron on June 10, 1935. It tells what early AAs did in their meetings, homes, and hospital visits; what they read; and how their ideas developed from the Bible, the Oxford Group, and Christian literature. It depicts the roles of A.A. founders and their wives and of Henrietta Seiberling and T. Henry Clarace Williams. Foreword by John F. Seiberling.

Storytelling in Alcoholics Anonymous George H. Jensen, 2000 When drinkers attend Alcoholics Anonymous and their spouses attend Al-Anon, says Jensen, English Southwest Missouri State U, dramatic changes occur that cannot be accounted for simply by the absence of alcohol. He explains how being a member can contribute to the formation of a new identity through the transformative effect of storytelling within its structure. The First Nationwide Alcoholics Anonymous History Conference Dick B., 2006 Dick B. is a writer, historian, Bible student, retired attorney, and recovered AA. He is active in the fellowship and has sponsored more than 100 men in their recovery. He has devoted 18 years to investigating, researching, analyzing, and disseminating the facts about early A.A. origins, roots, history, principles, and practices. He has published 33 titles and more than 170 articles on the subject and frequently speaks within and outside the fellowship. He is the leading A.A. early history scholar.

The Good Book - Big Book Guide Book Dick B., 2011-07-26 You don't need to leave A.A. or any other 12-Step program or even a treatment program just because you are a Christian. Nor do you need to flee to an exclusively Christian Fellowship, Christian Treatment Program, or Christian Track Program just to believe or profess your beliefs in connection with your own recovery. You're the boss. You need all the help you can get. We've long needed a guide that will use history to help you in your recovery, whatever your choice of fellowships, groups, recovery programs, or treatment programs. The original Akron A.A. Christian fellowship, with its emphasis on reliance on the Creator of the heavens and the earth, acceptance of Jesus Christ as Lord and Savior, Bible study, prayer, guidance, fellowship, and witness, is nothing to be buried, to be hushed up, or to be afraid of mentioning. It's a part of recovery history, the most important part, the part that set A.A. apart in the 1930s as a cure for the medically incurable, an alternative to medicine, hospitalization, and clergy-dominated ideas. It embraced them all but stood for the importance of a Society that took these ideas and let drunks be the message carriers. You can do this too, and probably better if you know your history. Include this guide book in your reading. Include it in your recovery. Include it in your fellowship or group. Include it with any other recovery program, secular, Christian, or rational. It's history. It tells you what

worked It tells you how you can choose to use it today if you wish It will help you understand words and phrases and ideas that came from historical roots And it doesn't bash other ideas or fellowships It seeks to inform all and urge them to include history in their curriculum This is a guide to history that has not been available before It's a guide that will supplement and not replace It's a guide for you

This Strange Illness Jared Lobdell, 2004-01-01 This brilliant work both personal and professional in character is a study of alcoholism of a movement aimed at its cure and of an individual participant in this development The author develops an interlinked theory and scientific research program that describe an illness of the mind body and spirit He does so without allowing the assumptions underlying the way we look at one area of illness say the mind to contradict the assumptions underlying the way we look at the human body or for that matter the human spirit That Lobdell carries this project to a successful conclusion makes this a compelling work for everyone in the field of alcohol studies and social pathology Lobdell who has written on a broad range of subjects here argues the originality and importance of recognition of alcoholism as a tripartite illness and of congruent treatment for the three parts He thus accepts a medical view of this vast social problem but also recognizes dimensions within it that go beyond the ordinary limits of medical practice as well as the complexity of its treatment His book is at once an intellectual history of Bill W's vision a short history of alcohol addiction and the culture of that addiction a treatise on the psychological biochemical and spiritual aspects of the illness and its treatment and a scientific research program for the future

Norman K Denzin of the University of Illinois has hailed the book as a wonderful story brought to a sophisticated readership and will widely appeal to the recovering population Matthew J Raphael intimate with the subjects as well as the concerns of this book says *This Strange Illness* is an astounding book Jared Lobdell a brilliant polymath traverses a spectrum of disciplines from biogenetics and chaos theory to psychology sociology and theology in search of a sufficiently complex and comprehensive understanding alcoholism This is the most intellectually

rigorous study I have ever seen in the field Jared C Lobdell is author or editor of a dozen books in history and criticism and a number of articles in fields ranging from alcohol studies to systems analysis He has served as a fellow at the Center for Alcoholism and Addiction Studies Brown University His current positions are at Millersville University of Pennsylvania and adjunct professor at Elizabethtown College in Pennsylvania
