the definite absolute quality of the human mind and person is the basis for the absoluteness seen in identity and self preservation Mind and matter are part of a continuum that is the basis and proof of actual totality Many other continuums make up actual totality including general and special mass energy length time static and dynamic The continua are dualities whose spectra form gradients It is these gradients that make up much of the detail and differential whose vertical integration proves actual totality The physical universe and the relative universe of civilization best human life and mind are large components of the general to special spectrum and varieties of actual totality There is massive interaction and potential to actual existence in and out of actual totality This occurs with increasing time In the near to mid term actual totality is stable and can be treated as a closed set In the far term both the actual and potential of actual totality undergo adaptation and alteration that best suits their existence with change With good representation an overview of the difference between actual totality as a stable and relatively exclusive world and potential changes in the long term become clear The many revolutions that accompany change and the role of language math proportions geometry design propelling and compelling forces that determine creation and evolution of life all reveal proofs of actual totality The core of actual totality or actual totality proper is centered on the here and now that proves unity in totality The individual groups and lives of all people more or less contribute to the whole depending on productivity that is most beneficial to the whole This is largely dependent on knowledge and its kinds Universal knowledge of the highest kind is the great dynamo of advancing actual totality How well actual totality supplies this need is the most important problem and solution of the next hundreds to thousands of years It is survival over extinction whose success will depend largely on proactive planning prevention preparation management and control They can be used to guide each and all persons to a better unified world by actual totality **2025-26 UP TGT/PGT**
