It Sounded Like a Good Idea at the Time Steve Fressle,2024-11-11 There is no information provided Finding the Lost Year Sondra Gordy,2009-02 Much has been written about the Little Rock School Crisis of 1957 but very little has been devoted to the following year the Lost Year 1958 59 when Little Rock schools were closed to all students both black and white Finding the Lost Year is the first book to look at the unresolved elements of the school desegregation crisis and how it turned into a community crisis when policymakers thwarted desegregation and challenged the creation of a racially integrated community and when competing groups staked out agendas that set Arkansas s capital on a path that has played out for the past fifty years In Little Rock in 1958 3 665 students were locked out of a free public education Teachers lives were disrupted but students lives were even more confused Some were able to attend schools outside the city some left the state some joined the military some took correspondence courses but fully 50 percent of the black students went without any schooling Drawing on personal interviews with over sixty former teachers and students black and white Gordy details the long term consequences for students affected by events and circumstances over which they had little control A Calendar of Campus Activities John Howard McCoy,1949 *Charpentier's 1998 Fantasy Football* Cliff Charpentier,1998-05 Expanded to include Cliff Charpentier s Fantasy Football League Set Up and Rule Guide this book offers comprehensive up to date fantasy football information and has been selected as the premier fantasy football publication by USA Today Sports Bookshelf

Left Half Harmon Ralph Henry Barbour,2014-11-09 Example in this ebook CHAPTER I THE THREE GUARDSMEN At a few minutes past three o clock on a particularly warm afternoon in late September of last year three boys removed themselves and their luggage from the top of a Fifth Avenue stage in New York City and set forth eastward along Forty second Street Although decidedly dissimilar in looks and slightly dissimilar in build they showed nevertheless a certain uniformity of carriage and action and to a lesser degree of attire There was nothing strange in that however since for the last two years at least they had spent nine months of the twelve in the same place at the same pursuits and under the same discipline The likeness of attire was less in material and color than in a certain tasteful avoidance of the extremes Joe Myers and Martin Proctor wore blue serge and Bob Newhall a brownish gray tweed and in no case was the coat snugged in to the figure or adorned with a belt in conformity to the dictums of the Rochester school of sartorial art Joe and Bob wore gray and gold ribbons about their straw hats Martin a plain black Each of the three carried a brown leather suitcase and had you looked closely you would have discovered on each bag amongst numerous other labels a gray triangle bearing two A s in gold snugged together in a pyramid shaped monogram At Grand Central Station they crossed the street showing a superb

indifference to the traffic The driver of a pumpkin hued taxi cab whose countenance and manner of driving suggested that he had cut many notches in his steering wheel yielded to a momentary weakness and jammed on his emergency brake thereby allowing the three boys to step calmly and unhurriedly from his path They seemed not to have observed their danger and yet having gained the sidewalk unharmed one of them turned and rewarded the taxi man with a grave wink which threw the latter into a state of apoplectic anger Guess observed Bob with a chuckle we spoiled his entire day Don t worry responded Martin He ll kill enough to make up for losing us Inside the station they turned their steps toward the right and set their bags down near one of the ticket windows You get them Joe said Bob Here s mine He proffered a five dollar bill but Joe waved it aside I ll pay for them and you can settle on the train I ll get all mixed up if you give me the money now He took a rather fat wallet from an inner pocket of his coat and stepped into the line leading to the nearest wicket The others moved their own suitcases and Joe s out of the way of the passers and settled themselves to wait Martin compared the watch on his wrist with the station clock and yawned Nearly twelve minutes yet he observed Bob nodded What about parlor car seats he asked There aren t any on this train Why not Martin concealed another yawn with the back of a sunburned hand No parlor car dearie You ll have to wait until five ten for that and it isn t worth it I wouldn t wait in this Turkish bath another hour if they promised me a special train Got anything to read in your bag Bob was about to answer in the affirmative when a sudden shout from the ticket window interrupted and both boys looked across in time to see Joe clutch unsuccessfully at the arm of a man who swinging away from the window now started to run fast toward the nearest exit Perhaps Bob or Martin had he sensed instantly what was happening might have intercepted the man but he had a good start before either of them realized that the black object he slipped into a pocket as he ran was Joe s wallet and so it was Joe himself who led the evidently futile chase Joe shouting Stop him Stop him most lustily Abandoning suitcases Bob and Martin dashed after To be continue in this ebook

Leifer,1995 In this in depth look at major league sports Eric Leifer traces the growth and development of major leagues in baseball football basketball and hockey and predicts fundamental changes as the majors pursue international expansion He shows how every past expansion of sports publics has been accompanied by significant changes in the way sporting competition is organized With each reorganization the majors have created teams closer in ability bringing repetition to competition across time only to expand and energize the public s search for differences between teams and for events that disrupt the repetitive flow The phenomenal success of league sports Leifer writes rests on their ability to manufacture inequalities for fans to latch on to without jeopardizing the equalities that draw fans in Leifer supports his theory with historical detail and statistical analysis He examines the special concerns of league organizers in pursuing

competitive balance and presents a detailed analysis of how large city domination has been undermined in the modern era of Major League Baseball Using games from the four major league sports he then shows how fans can themselves affect the course of competition In NFL football for example fans account for nearly all of the persisting inequality in team performance The possibility of sustaining inequality among equals emerges from the cross pressures that fans and leagues place on competition With substantial data in hand Leifer asks the essential question facing the leagues today how can they sustain a situation that depends entirely on simultaneous equality and contention one in which fan involvement may evaporate as soon as one team dominates His answer has significant implications for the future of major league sports both nationally and internationally
