Nirsa,NIRSA, *Manual of Football Officiating (15th edition)* Jim Briggs,1994 **Chadwick's Base Ball Manual** Henry Chadwick,1874 **War by Numbers** Christopher A. Lawrence,2017-01-01 War by Numbers assesses the nature of conventional warfare through the analysis of historical combat Christopher A Lawrence establishes what we know about conventional combat and why we know it By demonstrating the impact a variety of factors have on combat he moves such analysis beyond the work of Carl von Clausewitz and into modern data and interpretation Using vast data sets Lawrence examines force ratios the human factor in case studies from World War II and beyond the combat value of superior situational awareness and the effects of dispersion among other elements Lawrence challenges existing interpretations of conventional warfare and shows how such combat should be conducted in the future simultaneously broadening our understanding of what it means to fight wars by the numbers Field Manuals United States. War Department,1946 **Performance Without Compromise** Raymond McClure,2019-06-20 Accuracy is not debatable This book is a call for commitment by Officials to a proper performance while making consistent accurate rulings My motivation for this book comes from the fact that I have an absolute genuine concern about THE GAME and I have for a long time My concern comes from my belief that officiating basketball is not as difficult as so many among us make it out to be Much of what I was taught during the first half of my career had no rules support was vague came with poor advice and were even philosophical Those clinicians and trainers who trained me were terrific individuals with a noble effort to teach me the right way However there sure seemed to be many right ways Their training was also filled with too much about the tricks of the trade and not enough about the trade I was never instructed to trust the rules Over the last four decades we have become conditioned to accept less and less in the name of style philosophy and appearance We must get all Officials committed to enforcing the rules and they can t do that if they don t know them This book is long overdue because it is my attempt to let the basketball world hear the words of Peter Webb my mentor and the most knowledgeable person on the planet on the topic of basketball officiating We know you ll enjoy and benefit from reading this officiating textbook
