The Correspondence of Charles Darwin: Volume 24, 1876 Charles Darwin, 2016-12-01 This volume is part of the definitive edition of letters written by and to Charles Darwin the most celebrated naturalist of the nineteenth century Notes and appendixes put these fascinating and wide ranging letters in context making the letters accessible to both scholars and general readers Darwin depended on correspondence to collect data from all over the world and to discuss his emerging ideas with scientific colleagues many of whom he never met in person The letters are published chronologically volume 24 includes letters from 1876 the year in which Darwin published *Cross and Self Fertilisation in the Vegetable Kingdom* and started writing *Forms of Flowers* In 1876 Darwin's daughter in law Amy died shortly after giving birth to a son Bernard Darwin an event that devastated the family The

volume includes a supplement of 182 letters from earlier years including a newly discovered collection of letters from William Darwin Darwin's eldest son *"The" Veined Structure of Glaciers* Edward Whymper, 1870 **Reclaiming Kalākaua** Tiffany Lani Ing, 2019-10-31 *Reclaiming Kalākaua* Nineteenth Century Perspectives on a Hawaiian Sovereign examines the American international and Hawaiian representations of David La'amea Kamehameha III. Mahinulani Nalani Lumialani Kalākaua in English and Hawaiian language newspapers, books, travelogues, and other materials published during his reign as Hawaiian monarch from 1874 to 1891. Beginning with an overview of Kalākaua's literary genealogy of misrepresentation, Tiffany Lani Ing surveys the negative even slanderous portraits of him that have been inherited from his enemies who first sought to curtail his authority as monarch through such acts as the 1887 Bayonet Constitution and who later tried to justify their parts in overthrowing the Hawaiian kingdom in 1893 and annexing it to the United States in 1898. A close study of contemporary international and American newspaper accounts and other narratives about Kalākaua many highly favorable results in a more nuanced and wide-ranging characterization of the monarch as a public figure. Most importantly, virtually none of the existing nineteenth, twentieth, and twenty-first century texts about Kalākaua consults contemporary Kanaka Maoli Native Hawaiian sentiment for him. Offering examples drawn from hundreds of nineteenth-century Hawaiian language newspaper articles, mele songs, and mo'olelo histories, stories about the monarch. *Reclaiming Kalākaua* restores balance to our understanding of how he was viewed at the time by his own people and the world. This important work shows that for those who did not have reasons for injuring or trivializing Kalākaua's reputation as monarch, he often appeared to be the antithesis of our inherited understanding. The monarch struck many and above all his own people as an intelligent, eloquent, compassionate, and effective Hawaiian leader. The Electrical Journal, 1897 **The Electrical Journal**, 1917 *Flock Together* B.J. Hollars, 2017-02-01 After stumbling upon a book of photographs depicting extinct animals, B.J. Hollars became fascinated by the creatures that are no longer with us, specifically extinct North American birds. How, he wondered, could we preserve so beautifully on film what we've failed to preserve in life? And so begins his yearlong journey to find out, one that leads him from bogs to art museums, from archives to Christmas Counts, until he at last comes as close to extinct birds as he ever will during a behind-the-scenes visit at the Chicago Field Museum. Heartbroken by the birds we've lost, Hollars takes refuge in those that remain. Armed with binoculars, a field guide, and knowledgeable friends, he begins his transition from budding birder to environmentally conscious citizen, a first step on a longer journey toward understanding the true tragedy of a bird's song silenced forever. Told with charm and wit, *Flock Together* is a remarkable memoir that shows how knowing the natural world, even just a small part, illuminates what it means to be a global citizen and how only by embracing our ecological responsibilities do we ever become fully human. A moving elegy to birds we've lost, Hollars's exploration of what we can learn from extinct species will resonate in the minds of readers long beyond the final page. Purchase the audio edition. Perfection Margarette Lincoln, 2024-09-10 A colourful account of women's health beauty and cosmetic aids from stays and corsets to today's viral trends Victorian women ate arsenic to achieve an ideal pale complexion while in the 1790s balloon corsets were all the rage designed to make the wearer appear pregnant Women of the eighteenth century applied blood from a black cat's tail to problem skin while doctors in the 1880s promoted woollen underwear to keep colds at bay Beautification and the pursuit of health may seem all consuming today but their history is long and fantastically varied Ranging across the last four hundred years Margarette Lincoln examines women's health and beauty in fascinating detail Through first hand accounts and reports of physicians quacks and advertising Lincoln captures women's lived experience of consuming beauty products and the excitement and trauma of adopting the latest fashion trends Considering everything from body sculpture diet and exercise to skin teeth and hair Perfection is a vibrant account of women's body fashioning and shows how intimately these practices are related to community and identity throughout history **Where Culture and Mind**

Monthly Notices of the Royal Astronomical Society , 1908 Portfolio of 8 charts accompanies v 83 Paul McCartney and His Creative Practice Phillip McIntyre, Paul Thompson, 2021-08-10 This book provides fresh insight into the creative practice developed by Paul McCartney over his extended career as a songwriter record producer and performing musician It frames its examination of McCartney s work through the lens of the systems model of creativity developed by Mihaly Csikszentmihalyi and combines this with the research work of Pierre Bourdieu This systems approach is built around the basic structures of idiosyncratic agents like McCartney himself and the choices he has made as a creative individual It also locates his work within social fields and cultural domains all crucial aspects of the creative system that McCartney continues to be immersed in Using this tripartite system the book includes analysis of McCartney s creative collaborations with musicians producers artists and filmmakers and provides a critical analysis of the Romantic myth which forms a central tenet of popular music This engaging work will have interdisciplinary appeal to students and scholars of the psychology of creativity popular music sociology and cultural studies The Architect , 1892 **Materializing the Middle Passage** Jane Webster, 2023-10-31 An estimated 2 7 million Africans made an enforced crossing of the Atlantic on British slave ships between c 1680 and 1807 a journey that has become known as the Middle Passage This book focuses on the slave ship itself The slave ship is the largest artefact of the Transatlantic slave trade but because so few examples of wrecked slaving vessels have been located at sea it is rarely studied by archaeologists Materializing the Middle Passage A Historical Archaeology of British Slave Shipping 1680 1807 argues that there are other ways for archaeologists to materialize the slave ship It employs a pioneering interdisciplinary methodology combining primary documentary sources maritime and terrestrial archaeology paintings maritime and ethnographic museum collections and many other sources to rebuild British slaving vessels and to identify changes to them over time The book then goes on to consider the reception of the slave ship and its trade goods in coastal West Africa and details the range and uses of the many African resources including ivory gold and live animals entering Britain on returning slave ships The third section of the book focuses on the Middle Passage experiences of both captives and crews and argues that greater attention needs to be paid to the coping mechanisms through which Africans survived yet also challenged their captive passage Finally Jane Webster asks why the African Middle Passage experience

remains so elusive even after decades of scholarship dedicated to uncovering it She considers when how and why the crossing was remembered by saltwater captives in the Caribbean and North America The marriage of words and things attempted in this richly illustrated book is underpinned throughout by a theoretical perspective combining creolization and postcolonial theory and by a central focus on the materiality of the slave ship and its regimes
