Department of Defense Appropriations for 2015: FY 2015 Department of Defense budget overview; FY 2015 Navy United States. Congress. House. Committee on Appropriations. Subcommittee on Department of Defense, 2015 **India and Network-Centric Warfare** Kartik Bommakanti, 2025-11-14 This book analyses India's Network Centric Warfare (NCW) capabilities and how well they are integrated into the Indian armed forces especially the Indian Army. It explores primarily the technological and to a more limited extent the doctrinal and organisational issues that are related to NCW. It assesses how three technologies that are central to NCW: cyber, electronic warfare and space are being developed and integrated by the Indian armed services. In addition, it also analyses partially how the Indian armed services acquire and integrate Artificial Intelligence and Quantum Technology in specific areas and also explores the need for the Indian armed services to acquire Kinetic Energy Weapons (KEWs) and Directed Energy Weapons (DEWs) especially microwave and laser weapons. A part of the International Politics in the Age of Disruption series, the book will be indispensable for students and researchers of military studies, security studies, cyber warfare, political studies, international relations, security studies and South Asian studies.

Del Monte, 2017 Nanoweapons just might render humanity extinct in the near future, a notion that is frightening and

The Contemporary German Navy as an Instrument of Foreign Policy Moritz Brake, 2024-12-06 Since the Cold War and beyond the Zeitenwende Germany has increasingly come to rely on its navy as an instrument of foreign policy The German Navy supports comprehensive maritime security and ocean governance and its missions not only reflect its own evolution but also change within Germany This is a marked shift for the continental power Germany and forms a substantial component of its much broader maritime turn in the 21st century Changes in strategic context new security challenges and Germany s evolving international role after reunification have altered the perception of the navy s utility Its share in the Bundeswehr s personnel has grown and the navy has seen proportionally higher investment or relatively less cuts owing to the post Cold War peace dividend than either army or airforce The author shows that the navy has markedly changed and become increasingly useful for Germany s foreign policy something which in the stormy seas of geopolitical escalation of the Zeitenwende has already paid dividends
