*Quantitative Coronary Arteriography* Johan H. C. Reiber, P.W. Serruys, 2012-12-06 In June 1989 a third conference concentrating on the progress in quantitative coronary angiography and related techniques was held in Rotterdam again very successful as the two preceding events in 1985 and 1987 Technical as well as clinical aspects of digital and digitized coronarography morphometry parametric imaging and functional quantification of the human coronary circulation were presented and discussed by prominent exponents of those groups who have been active in this particular field for many years This book contains the chapters representing the lectures held by leading experts during the symposium that update the knowledge currently available including most recent aspects in angioscopy and intravascular ultrasound imaging It also includes a historical review on the development of angiographic techniques from the very early days on to our times given by one of the pioneers in heart catheterization and angiography Dr Kurt Amplatz Those who had the chance to listen to his talk will surely remember his impressive humorous lecture as one of the highlights of this meeting Motor Sport William Boddy, 1965 *Independent Sawmill & Woodlot Management*, 2005 **Cumulative Book Index**, 1959 Annual Catalogue of Australian Publications National Library of Australia, 1957 Illiberal Vanguard Alexandar Mihailovic, 2023-02-14 Recent years have witnessed a growing affinity between increasingly radicalized right wing movements in the United States and Russia countries that only recently viewed each other as intractable foes In *Illiberal Vanguard* Populist Elitism in the United States and Russia Alexandar Mihailovic untangles this confluence considering ethnonationalist movements in both countries and their parallel approaches to gender race and performative identity Rather than probe specific points of possible contact or political collusion Mihailovic unveils the mirrored styles of thought that characterize far right elitism in two erstwhile enemy nations Mihailovic investigates notable right wing actors like Steve Bannon and Alexander Dugin and targets of right wing ire such as globalization LGBTQ activism and mobilizations to remove controversial statues that honor Confederate generals and Soviet leaders for instance but the argument extends beyond the specifics How and why are radical right wing movements developing along such similar trajectories in two nominally oppositional countries How do religious sectarianism the construction of whiteness and institutionalized homophobia support each other in this transnational informal but powerful allegiance Despite their appeals to populism and flamboyant theatrics Mihailovic argues much of the answer can be found in the mutual desire to justify and organize an illiberal vanguard of elite intellectuals one that supports and advocates for a new authoritarianism June 2022 - Surplus Record Machinery & Equipment Directory Surplus Record, 2022-06-01 SURPLUS RECORD is the leading independent business directory of new and used capital equipment machine tools machinery and industrial equipment listing over 95 000 industrial assets including metalworking and fabricating machine tools chemical and process equipment cranes air compressors pumps motors circuit breakers generators transformers turbines and more Over 1 100 businesses list with the SURPLUS RECORD June 2022 issue
