United States Second Edition serves as both a primer on forfeiture law for the newcomer to this area as well as a handy resource for anyone needing a comprehensive discussion of any of the recurring and evolving forfeiture issues that arise daily in federal practice. The author is one of the federal government's leading experts on asset forfeiture law. As a federal prosecutor, he has been litigating asset forfeiture cases since the late 1980s, was a Deputy Chief of the Justice Department's Asset Forfeiture and Money Laundering Section for many years, and is now the Chief of the Asset Forfeiture and Money Laundering Section in the U.S. Attorney's Office in Baltimore, MD. *Asset Forfeiture Law in the United States Second Edition* is a completely revised and up-to-date treatise that addresses important changes and significant developments in civil and criminal forfeiture law. Every chapter has been rewritten as a result of the explosive growth in this area of law and practice. This comprehensive one-volume resource examines and explores the outpouring of new case law stemming from federal law enforcement agencies that include the FBI, DEA, IRS, and Homeland Security. The Second Edition continues to lead the practitioner, prosecutor, judge, and policy maker through the labyrinth of statutes, rules, and cases that govern this dynamic area of the law. Many countries in Europe, Asia, and Africa, as well as Australia and the Americas, have enacted asset forfeiture statutes modeled on U.S. law, making the cases interpreting the statutes relevant beyond the borders of the United States.

Backpacker, 2000-03. *Backpacker* brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, *Backpacker* is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. *Backpacker's* Editors' Choice Awards, an industry honor recognizing design, feature, and product innovation, has become the gold standard against which all other outdoor industry awards are measured.
