Aquinas A Beginner S Guide:

Aquinas Edward Feser, 2009-09-01 Charting the life and thought of this hugely influential medieval thinker One of the most influential philosophers and theologians in the history of Western thought St Thomas Aquinas established the foundations for much of modern philosophy of religion and is infamous for his arguments for the existence of God In this cogent and multifaceted introduction to the great Saint s work Edward Feser argues that you cannot fully understand Aquinas philosophy without his theology and vice versa Covering his thoughts on the soul natural law metaphysics and the interaction of faith and reason this will prove a indispensable resource for students experts or the general reader

Reading the Sermons of Thomas Aquinas Randall B Smith, 2016-11-01 Preaching was immensely important in the medieval Church and Thomas Aquinas expended much time and effort preaching Today however Aquinas s sermons remain relatively unstudied and underappreciated This is largely because their sermo modernus style typical of the thirteenth century can appear odd and inaccessible to the modern reader In *Reading the Sermons of Thomas Aquinas* Randall Smith guides the reader through Aquinas s sermons explaining their form and content In the process one comes to appreciate the sermons in their rhetorical brilliance beauty and profound spiritual depth while simultaneously being initiated into a fascinating world of thought concerning Scripture language and the human mind The book also includes analytical outlines for all of Aquinas s extant sermons *Reading the Sermons of Thomas Aquinas A Beginner s Guide* is an indispensable volume for those interested in the thought of Aquinas in the intellectual and spiritual milieu in which he worked and in the manifold ways of preaching the Gospel message

Aquinas's Way to God Gaven Kerr, 2015 This book offers a contemporary interpretation and defense of a much neglected proof for the existence of God offered by St Thomas Aquinas in *De Ente et Essentia*

Aquinas after Frege Giovanni Ventimiglia, 2020-09-21 This book provides a fresh reading of Aquinas metaphysics in the light of insights from the works of Frege In particular Ventimiglia argues that Aquinas doctrine of being can be better understood through Frege s distinction between the there is sense and the present actuality sense of being as interpreted by Peter Geach and Anthony Kenny Aquinas notion of essence becomes clearer in the light of Frege s distinction between objects and concepts and his account of concepts as functions Aquinas doctrine of transcendentals is clarified with the help of Frege s accounts of assertion and negation *Aquinas after Frege* provides us with a new Aquinas which pays attention to his texts and their historical context Ventimiglia s development of British Thomism furnishes us with a lucid and exciting re reading of Aquinas metaphysics

The One-Minute Aquinas Kevin Vost, 2013-01-15 The One Minute Aquinas provides busy readers with simple readable explanations of the truths that make you hungry to know God and always love Him more

The Philosophy of Saint Thomas Aquinas Brock Stephen L, 2016-12-29 If Saint Thomas Aquinas

was a great theologian it is in no small part because he was a great philosopher And he was a great philosopher because he was a great metaphysician In the twentieth century metaphysics was not much in vogue among either theologians or even philosophers but now it is making a comeback and once the contours of Thomas's metaphysical vision are glimpsed it looks like anything but a museum piece It only needs some dusting off Many are studying Thomas now for the answers that he might be able to give to current questions but he is perhaps even more interesting for the questions that he can raise regarding current answers about the physical world about human life and knowledge and needless to say about God This book is aimed at helping those who are not experts in medieval thought to begin to enter into Thomas's philosophical point of view Along the way it brings out some aspects of his thought that are not often emphasised in the current literature and it offers a reading of his teaching on the divine nature that goes rather against the drift of some prominent recent interpretations

Aquinas and Us (Volume 18) Timothy Kearns, Gyula Klima, Alex Hall, 2022-10-06 This volume considers the contemporary relevance of Aquinas thought and what parameters should influence its reception It discusses the reception of Aquinas on creation ex nihilo and offers guidelines for reception in the fields of metaphysics and natural theology Chapters on physics and philosophy of mind intersect with key modern debates Contributions interpret Aquinas physics in light of contemporary findings and discuss his account of human self awareness

Aquinas, Bonaventure, and the Scholastic Culture of Medieval Paris Randall B. Smith, 2021-02-04 By focusing attention on the importance of preaching this book should spur a fundamental reconsideration of scholastic culture and education

Dust Bound for Heaven Reinhard Hütter, 2012-10-01 In Dust Bound for Heaven Reinhard Hütter shows how Thomas Aquinas's view of the human being as dust bound for heaven weaves together elements of two questions without fusion or reduction Does humanity still have an insatiable thirst for God that sends each person on an irrepressible religious quest that only the vision of God can quench Or must the human being living after the fall become a new creation in order to be readied for heaven Hütter also applies Thomas's anthropology to a host of pressing contemporary concerns including the modern crisis of faith and reason political theology the relationship between divine grace and human freedom and many more The concluding chapter explores the Christological center of Thomas's theology
