

Capital Confusion

That brings us to the question I get asked the most—do I capitalize job titles?

Job titles might be the trickiest part of capitalization on a resume. Everybody thinks their job should be capitalized—and why not? It's about them. But in the real world that's not how it works.

A few quick rules on job title capitalization

01

Capitalize your title when it's used as a heading in your resume.

02

Capitalize a title if it precedes a person's name and is part of the name.

03

Do not capitalize your title if referring to it in text.

04

Do not capitalize a title if it follows a name.

05

Do not capitalize job titles when referring to them in summaries, objectives, or general text.
