Austerity Politics and UK Economic Policy Craig Berry, 2016-05-31 Craig Berry assesses UK economic policy in the wake of the financial crisis through the lens of the austerity agenda focusing on monetary policy economic rebalancing industrial and regional policy the labour market welfare reform and budgetary management He argues that austerity is geared towards a resurrection of financialisation and the UK's pre crisis economic model through the transformation of individual behaviour and demonisation of the state Cutting public spending and debt in the short term is at most a secondary concern for the UK policy elite However the underlying purpose of austerity is frequently misunderstood due to its conflation with a narrow deficit reduction agenda not least by its Keynesian critics Berry also demonstrates how austerity has effectively dismantled the prospect of a centre left alternative to neoliberalism
