

Engine oil specification

First read and observe the introductory information and safety warnings  on page 281.

The engine oil used must correspond exactly to specifications.

The correct engine oil is important for the function and service life of the engine. A special high quality multigrade oil has been filled at the factory and this can normally be used as an all-season oil.

If possible, only use Volkswagen-approved engine oil $\Rightarrow$ ①. To comply with the requirements of the flexible service, only use approved flexible service engine oil that complies with the corresponding VW standard ($\Rightarrow$ table on page 282). The engine oils listed are multigrade high-lubricity oils.

Engine oils are constantly being developed and improved. A Volkswagen dealership is always kept up to date on innovations. Volkswagen therefore recommends having engine oil changes done by a Volkswagen dealership.

The quality of the engine oil is not only tailored to the requirements of engines and exhaust gas treatment systems, but also to fuel quality. Due to the way in which a combustion engine works, engine oil always comes into contact with combustion residues and fuel, which has a knock-on effect on the ageing process of the oil.

The quality of fuels can vary greatly between individual markets and this must be taken into account when selecting the correct engine oil.

The use of engine oils compliant with the VW 504 00 und VW 507 00 specifications requires a fuel quality compliant with EN 228 (petrol) and EN 590 (diesel). Engine oils compliant with VW 504 00 und VW 507 00 are therefore unsuitable for use in a large number of markets.

Engine type	Permitted engine oil specifications $\Rightarrow$ ①		Alternative engine oil specifications $\Rightarrow$ ①

Diesel engines with diesel particulate filter	VW 507 00	VW 507 00	—

^{a)} Alternative engine oil specifications may only be used in fixed services Q11, Q12, Q13, Q14 and Q17, and only when fuel of a quality compliant with EN 228 (petrol) and EN 590 (diesel), or fuel of an equivalent quality, is available in the particular country.
