Effectively, you will consequently also have a more comprehensive view about the operating assets and, with respect to you, your investments about your company. In fact, there are many factors that are affected by operating assets, such as the ability to pay for an expense, understanding better the company's financial condition, etc. It is also possible to use the information about assets to the public, especially when you're making some important decisions, such as investing and so forth.

It is good to understand that you have not the possibility to simply understand, rather, to also be able to generate your own view about the operating assets. However, understanding assets is not a simple task.
