These topics are followed by discussions of the prospects and problems of the transition from Agrarianism to Socialism of some countries including Angola, Guinea-Bissau, and Mozambique. Other sections examine the Socialist Cuba and the intermediate regimes of Jamaica and Guyana. The North Korean model of socialism, a comparative study of Romanian socialism and Greece capitalism, as well as a socialist model of economic development of the Polish and Bulgarian, are presented. The concluding sections are devoted to the role of management in socialist development and to the agricultural productivity under socialism. The book can provide useful information to sociologists, political analysts, students, and researchers. **Challenge of Freedom** Roger LaRaus, Harry P.
