IMPORTANT

At a glance: Active engagement with agents all throughout the life of a product can support its financial health. Financial agents (FAs) remain regulators. These regulators not only monitor the selected amount of risk placed on and in particular company investments, they also enforce specific criteria that companies must follow to ensure the highest level of compliance with all applicable regulations. It is always recommended that the company or business (investor, financial services and insurance) be fully engaged before any type of service with a financial agent.
