The New Populism Marco Revelli, 2019-07-02 A crisp and trenchant dissection of populism today The word populism has come to cover all manner of sins Yet despite the prevalence of its use it is often difficult to understand what connects its various supposed expressions From Syriza to Trump and from Podemos to Brexit the electoral earthquakes of recent years have often been grouped under this term But what actually defines populism Is it an ideology a form of organisation or a mentality Marco Revelli seeks to answer this question by getting to grips with the historical dynamics of so called populist movements While in the early days of democracy populism sought to represent classes and social layers who asserted their political role for the first time in today's post democratic climate it instead expresses the grievances of those who had until recently felt that they were included Having lost their power the disinherited embrace not a political alternative to isms like liberalism or socialism but a populist mood of discontent The new populism is the formless form that protest and grievance assume in the era of financialisation in the era where the atomised masses lack voice or organisation For Revelli this new populism the child of an age in which the Left has been hollowed out and lost its capacity to offer an alternative

This Rebellious House Steven J. Keillor, 1996-10-03 Examining United States history from Columbus to Clinton Steven J. Keillor disabuses us of the notion that our nation has ever been a genuinely Christian one He focuses on various political economic and cultural policies or events the Civil War westward expansion that are now often cited to disprove or debunk Christianity

The American Experience in World War II: The atomic bomb in history and memory Walter L. Hixson, 2003 World War II changed the face of the United States catapulting the country out of economic depression political isolation and social conservatism Ultimately the war was a major formative factor in the creation of modern America This unique twelve volume set provides comprehensive coverage of this transformation in its domestic policies diplomatic relations and military strategies as well as the changing cultural and social arenas The collection presents the history of the creation of a super power prior to during and after the war analyzing all major phases of the U.S. involvement making it a one stop resource that will be essential for all libraries supporting a history curriculum This volume is available on its own or as part of the twelve volume set The American Experience in World War II For a complete list of the volume titles in this set see the listing for The American Experience in World War II ISBN 0 415 94028 1

Met His Every Goal? Tom Chaffin, 2014-12-31 Soon after winning the presidency in 1845 according to the oft repeated anecdote James K. Polk slapped his thigh and predicted what would be the four great measures of his administration the acquisition of some or

all of the Oregon Country the acquisition of California a reduction in tariffs and the establishment of a permanent independent treasury Over the next four years the Tennessee Democrat achieved all four goals And those milestones along with his purported enunciation of them have come to define his presidency Indeed repeated ad infinitum in U S history textbooks Polk s bold listing of goals has become U S political history s equivalent of Babe Ruth s called home run of the 1932 World Series in which the slugger allegedly gestured toward the outfield and on the next pitch slammed a home run But then again as Tom Chaffin reveals in this lively tour de force of historiographic sleuthing like Ruth s alleged called shot of 1932 the four measures anecdote hangs by the thinnest of evidentiary threads Indeed not until the late 1880s four decades after Polk s presidency did the story first appear in print In this eye opening study Tom Chaffin author historian and since 2008 editor of the multi volume series Correspondence of James K Polk dispatches the thigh slap anecdote and other misconceptions associated with Polk In the process Chaffin demonstrates how the four measures story has skewed our understanding of the 11th U S president As president Polk enlarged his nation s area by a third thus rendering it truly a coast to coast continental nation state Indeed the anecdote does not record and effectively obscures complex events including notable failures such as Polk s botched effort to purchase Cuba as well as his inability to shape the terms of California s and the New Mexico territory s admission into the Union Cuba would never enter the federal Union and those other tasks would be left for successor presidents Indeed debates over the future of slavery in the United States debates accelerated by Polk s territorial gains eventually produced perhaps the central irony of his legacy A president devoted to national unity further sectionalized the nation s politics widening geopolitical fractures among the states that soon led to civil war Engagingly written and lavishly illustrated *Met His Every Goal* intended for general readers students and specialists offers a primer on Polk and a revisionist view of much of the scholarship concerning him and his era Drawing on published scholarship as well as contemporary documents including heretofore unpublished materials it presents a fresh portrait of an enigmatic autocrat And in Chaffin s examination of an oft repeated anecdote long accepted as fact readers witness a case study in how historians use primary sources to explore and in some cases explode received conceptions of the past *A Victory of Sorts* Winfred E. Pitts,2003-04-16 From their inception in the late nineteenth century the school systems of Gainesville City and Hall County Georgia provided unequal education for white and African American children This book recounts the desegregation process in Gainesville Gains as well as losses by African Americans are analyzed through artifacts and interviews with those who were involved A thorough study of the history of Gainesville and Hall County Schools particularly E E Butler High School as a microcosm of the effects of African American school closings in the 1960s and 1970s will lead to a greater understanding of the African American experience in the desegregation of American public schools *North Carolina Unionists and the Fight Over Secession* Steve M. Miller,2019 Before the Civil War North Carolina was divided by the battle over secession Some state leaders remained loyal to the Union because they saw the potential for compromise with Northern states William

Alexander Graham helped broker the Compromise of 1850 John Motley Morehead and Jonathan Worth led the campaign against secession in early 1861 Most continued to serve their state under the Confederacy Although Zebulon B Vance opposed secession he served in the Confederate army and as governor of the state during the Civil War Historian and author Steve M Miller tells the story of the Tar Heel Unionists who bravely fought to steer their state away from the disastrous future they foresaw **Democracy Awakening** Heather Cox Richardson,2023-09-28 4 New York Times bestseller In Democracy Awakening American historian Heather Cox Richardson examines how over the decades an elite minority have made war on American ideals By weaponising language and promoting false history they are leading Americans into authoritarianism and creating a disaffected population Many books tell us what has happened over the last five years In Democracy Awakening Richardson wrangles America s meandering and confusing news feed into a coherent story to explain how America got to this perilous point what we should pay attention to and what the future of democracy holds

Forthcoming Books Rose Arny,2003-12 America and the Just War Tradition Mark David Hall,J. Daryl Charles,2019-03-30 America and the Just War Tradition examines and evaluates each of America s major wars from a just war perspective Using moral analysis that is anchored in the just war tradition the contributors provide careful historical analysis evaluating individual conflicts Each chapter explores the causes of a particular war the degree to which the justice of the conflict was a subject of debate at the time and the extent to which the war measured up to traditional ad bellum and in bello criteria Where appropriate contributors offer post bellum considerations insofar as justice is concerned with helping to offer a better peace and end result than what had existed prior to the conflict This fascinating exploration offers policy guidance for the use of force in the world today and will be of keen interest to historians political scientists philosophers and theologians as well as policy makers and the general reading public Contributors J Daryl Charles Darrell Cole Timothy J Demy Jonathan H Ebel Laura Jane Gifford Mark David Hall Jonathan Den Hartog Daniel Walker Howe Kerry E Irish James Turner Johnson Gregory R Jones Mackubin Thomas Owens John D Roche and Rouven Steeves Liberated Territory Yohuru Williams,Jama Lazerow,2009-01-12 Essays on the Panther Party s local chapters as well as essays reconsidering the state of the field in 1960s Civil Rights black nationalist and popular history in light of these varied accounts of BPP chapters

National Memories Henry L. Roediger III,James V. Wertsch,2022 This volume brings together distinguished scholars to address broad societal claims about the surge in populist nationalism in the scholarly literature on collective memory Through an examination of conceptual claims and empirical evidence in the collective memory literature this book offers a multidisciplinary modern approach to studying these persistent challenges The Atlantic Slave Trade: Origins-1600 Jeremy Black,2006 Dealing with reasons for the end of the slave trade and of slavery this volume emphasizes abolitionism and discusses the persistence of the trade particularly to Brazil and Cuba
