- Arrange your sources alphabetically. When citing multiple sources by the same author, the sources should be in chronological order, from oldest to most recent.

In-Text Citations

The general format for in-text citations is the author's last name and the source's publication date enclosed by parentheses, at the end of the sentence before any punctuation.

Examples:

... (Wells and Morgan 2007).

When quoting from a source, you must include the page number in the in-text citation. The page number is added after the publication date, separated by a comma. If citing a range of pages, you can use a dash to separate the pages.

Examples:
