Lighter and Darker T.E. Shaffer,2016-06-30 This book is a continuation of the content and format style of what was to be found in this writer s immediately preceding book *Light and Dark* 1982 edition revised August 2015 If you read or sampled and liked that book then you ll likely find this one equally or maybe even more to your taste The alphabetical arrangement by title in that first book took you from Aardvark to Zeitgeist where this one moves you along from About Backbones And Breakfast Foods to Zero Heroes Between its A through Z arrangement you ll encounter a strange and often epileptically eclectic selection of richly mixed subjects topics and treatments which this writer had at some point felt some compelling need to put on paper for his own relief and the possible amusement or edification of imagined others If you re in this group then this book is for you If however you should have an insensitivity let alone active dislike for rhyme and alliteration in your reading matter then this book most especially should you be reading this in some braille version since it might very well prove toxic to touch best you promptly put it down and move on to another and safer shelf or pile Seriously though this collection does offer a full spectrum of the silly and the serious often inextricably intertwined within the uncomfortably containing body of the very same composition rather like a hot mustard pickle relish thickly spread between the cut halves of a sweet bun Yes De gustibus de gustibus But please if you ll let me be clear if perhaps a little Ogden Nashy here without too much fusstibus **A Digital Story Book on NITC Entrepreneurs** Geetu George, Joseph Martin, Linto

Mathew, Shankar Meemba, 2016-08-09 Are Entrepreneurs born Have you like millions thought of being an Entrepreneur but was never sure if you can Are you an Entrepreneur who has learnt the hard way the good bad and ugly of being an Entrepreneur In this book Entrepreneurs from the National Institute of Technology Calicut share their stories their tribulations and their triumphs And their own quips To be at the right place at the right time you have to be at the wrong place at the wrong time for a long time Zerir Rahiman Success is not a destination Success is something to be evaluated at the end of each day Jayakumar Entrepreneurship is like travel it s not about the destination but rather about the journey Siva Sankar Roney Joseph Vincent If you want people to choose your product service you are asking them to give up something else Shankar Meemba Failure The experience was magnificent because the lessons I learned were invaluable Prasanth Warriar In the first 1000 days you may find a 1000 different reasons to quit It s all about perseverance Subhash K M Read what s behind these thoughts and much more this is one book you will not regret picking up

Life After Privatization Raj S. Chari, 2015 Life After Privatization offers a refreshing and original theoretical conceptualization of what happened to state-owned enterprises after they were privatized from the late 1970s onwards Some privatized firms have become today s European and global giants Alphas merging with or acquiring other firms whereas other firms Betas have been taken over by Alphas or other sectoral leaders The book raises questions such as which privatized firms in the airline automobile and the electricity sectors in the UK France Germany Italy and Spain are Alphas and Betas today And why Building on a variety of themes from both Political Science and Business Studies it considers a comprehensive set of explanations both internal and external to the firm to analyse why a firm may become an Alpha or a Beta The evidence shows that while internal factors are important the more external political factors are necessary and sufficient to explain why a firm becomes an Alpha or a Beta This includes the impact of liberalization the roles of states and the actions of regulators that are lobbied by firms Based on exhaustive evidence Life After Privatization concludes with a novel inductive theory which offers a significant step forward for social science scholars and practitioners understanding of the politics businesses face in global markets
