Personal Letters from the Front

✦ By Leslie Buswell ✦

"Anyone interested in a vivid and accurate picture of the bombardment constantly repeated along the fighting line in France, anyone who cares to know what our young volunteers in the Ambulance Corps are doing, their devotion and courage, the risks they run, the suffering and the lives they save, should read this book. It has impressed me more than anything else from the front that I have seen."

A. LAWRENCE LOWELL

"In the crowd of books upon the war which fall in upon us, this is one of the very few really worth reading. The simplicity and unconsciousness, joined to a real power of observation, and at times excellent expression, make it unusual as well as attractive and instructive."

HENRY CABOT LODGE

"A three-fold virtue animates these letters: they come from the war's heart; from their writer's heart; they never could have been so freely written had the young writer dreamed any but close friends were to see them. Therefore, the reader follows to the end these courageous adventures of mercy, continuously absorbed and constantly moved."
