American Fiction Manual Native User:

The Oxford Handbook of Indigenous American Literature James Howard Cox, Daniel Heath Justice, 2014 Over the course of the last twenty years Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual cultural political historical and tribal nation contexts from which these Indigenous literatures emerge The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field The Handbook's forty three essays organized into four sections cover oral traditions poetry drama non fiction fiction and other forms of Indigenous American writing from the seventeenth through the twenty first century Part I attends to literary histories across a range of communities providing for example analyses of Inuit Chicana o Anishinaabe and M tis literary practices Part II draws on earlier disciplinary and historical contexts to focus on specific genres as authors discuss Indigenous non fiction emergent trans Indigenous autobiography Mexicanoh and Spanish poetry Native drama in the U S and Canada and even a new Indigenous children's literature canon The third section delves into contemporary modes of critical inquiry to expound on politics of place comparative Indigenism trans Indigenism Native rhetoric and the power of Indigenous writing to communities of readers A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory the Red Atlantic the far North Yucat n Amerika Samoa and Francophone Quebec Together the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date It is the first to fully take into account the last twenty years of recovery and scholarship and the first to most significantly address the diverse range of texts secondary archives writing traditions literary histories geographic and political contexts and critical discourses in the field

A User's Guide to Postcolonial and Latino Borderland Fiction Frederick Luis

Aldama, 2010-01-01 Why are so many people attracted to narrative fiction How do authors in this genre reframe experiences people and environments anchored to the real world without duplicating real life In which ways does fiction differ from reality What might fictional narrative and reality have in common if anything By analyzing novels such as Arundhati Roy's *The God of Small Things* Amitav Ghosh's *The Glass Palace* Zadie Smith's *White Teeth* and Hari Kunzru's *The Impressionist* along with selected Latino comic books and short fiction this book explores the peculiarities of the production and reception of postcolonial and Latino borderland fiction Frederick Luis Aldama uses tools from disciplines such as film studies and cognitive science that allow the reader to establish how a fictional narrative is built how it functions and how it defines the boundaries of concepts that appear susceptible to limitless interpretations Aldama emphasizes how postcolonial and Latino borderland narrative fiction authors and artists use narrative devices to create their aesthetic blueprints in ways that loosely guide their readers imagination and emotion In *A User's Guide to Postcolonial and Latino Borderland Fiction* he argues that the study of ethnic identified narrative fiction must acknowledge its active engagement with world narrative fictional genres

storytelling modes and techniques as well as the way such fictions work to move their audiences

Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s The Ambassadors to McCarthy s The Road These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification
