Dear driver,

This quick reference guide provides you with basic information about the operating procedures and functions of your vehicle.

This reference guide is **NOT** a substitute for the Owner's Manual which contains important in-depth information and safety warnings.

We hope that you derive great pleasure from your drive and always have a safe and enjoyable journey.

NOTE:

Always check the Owner's Manual for additional important details and safety information. Note: The optional electronic features optional on select models are not available on some models.

Opening and closing

Monitor key with remote control.
Push the appropriate button.

- **Unlock button:** Press the button and open the driver's door within 40 seconds, otherwise the vehicle will lock all the doors again automatically.
- **Release button for luggage compartment:** Push the button for at least 1 second.

open sky system

It is interconnected with the ignition switch. On, the open: Press position ➊.

Comfort position (lower wind deflector): Press position ➋ below.

Open/close: Press and hold position ➌ (up) or ➍ (down) until the open sky system is reconnected completely or the desired position is reached.

- **Lock button:** Press the button to lock the vehicle.
- **Folding monitor key with remote control:** Press the release button to fold the key out. The monitor key automatically pops out of the key fob. To close it, press the release button and fold the key back in.
- **Power button:** Push to activate or deactivate the Power Functions.

WARNING:

When you leave the vehicle, always remove the open sky key and take it with you. This will prevent passengers (children, for example) from accidentally being locked in the vehicle should they accidentally press the power locking switch on the center console.

WARNING:

When you lock your vehicle from the outside, do not leave anyone – especially children – inside the vehicle. Remember, when you lock the vehicle from the outside the windows cannot be opened from the inside.

WARNING:

Prevent use of the open sky system can cause serious personal injury.
– Always make sure that nobody is in the way when closing the open sky system.
– Always take the key with you whenever you leave the vehicle to help prevent unauthorized use.

Safety

All vehicle occupants, including those in the rear seats, must fasten their seat belt before driving off – even in city traffic. Observe the guidelines below to obtain maximum protection from the seat belt, belt components and airbags:

– **Correct positioning of seat belt:** The shoulder belt section should pass across the middle of the shoulder, the lap belt section as low as possible across the pelvis. Seat belts must always sit snugly.
