Global Health Watch 3 ,2005 The Misuse, Misrepresentation, and Politicization of Statistics in American Society
Robert E. Parker,2022-07-18 The Misuse Misrepresentation and Politicization of Statistics in American Society critically examines the early measurement efforts of several government agencies responsible for some of the most widely watched social indicators on unemployment life expectancy crime and population It argues that official statistics are dubious at best better seen not so much as objective barometers of social life but rather as socially constructed metrics that are easily manipulated and often politicized This book argues that official statistics powerfully frame social reality ultimately helping to determine who counts and what matters in society It makes the case that as with other types of official accounts data derived from government sources needs to be regarded skeptically and systematically investigated This book concludes that official statistics are a kind of sanctioned cover up of everyday reality hiding the true extent of joblessness distorting the real increase in life expectancy obscuring where crime actually happens and understating the undeniable growth of minority populations *Global Health Watch ...* ,2005 **Global Health Watch 5** People's Health Movement,Medact,Third World Network,Health Poverty Action,Medico International,Asociación Latinoamericana de Medicina Social,2017-12-15 For over a decade Global Health Watch has been the definitive source for alternative analysis on health This new edition addresses the key challenges facing governments and health practitioners today within the context of rapid shifts in global governance mechanisms and the UN s Sustainable Development Goals Like its predecessors it challenges conventional wisdom while pioneering innovative new approaches to the field Collaboratively written by academics and activists drawn from a variety of movements research institutions and civil society groups it covers some of the most pressing issues in world health from the resurgence of epidemic diseases such as Ebola to the crisis in the WHO climate change and the war on drugs Combining rigorous analysis with practical policy suggestions Global Health Watch 5 offers an accessible and compelling case for a radical new approach to health and healthcare across the world **Global Health Watch 5** Global Health Watch,2017-12-15 For over a decade Global Health Watch has been the definitive source for alternative analysis on health This new edition addresses the key challenges facing governments and health practitioners today within the context of rapid shifts in global governance mechanisms and the UN s Sustainable Development Goals Like its predecessors it challenges conventional wisdom while pioneering innovative new approaches to the field Collaboratively written by academics and activists drawn from a variety of movements research institutions and civil society groups it covers some of the most pressing issues in world health from the resurgence of epidemic diseases such as Ebola to the crisis in the WHO climate change and the war on drugs Combining rigorous analysis with practical policy suggestions Global Health Watch 5 offers an accessible and compelling case for a radical new approach to health and healthcare across the world Global Health Watch 6
