Chrysler Engines, 1922-1998 Willem L. Weertman, 2007-10-26 This book chronicles over 75 years of engine design development and production at Chrysler Corporation. Every production engine built by Chrysler is covered in detail with descriptions, pictures, specifications, and timelines provided for each. In addition to the specifications, the book also looks at the personalities behind the engines' development and the vehicles in which the engines were used. *Art of the Muscle Car* David Newhardt, 2013-05-19 Just what is a Muscle Car? Road Test magazine asked in June 1967. The answer: Exactly what the name implies. It is a product of the American car industry adhering to the hot rodder's philosophy of taking a small car and putting a BIG engine in it. The Muscle Car is Charles Atlas kicking sand in the face of the 98-horsepower weakling. Unconcerned with such trivial details as comfort and handling, the vintage American muscle car was built for straight-line speed and quickly became the ride of choice for power-hungry racers and serious gearheads. In a country where performance was measured in brute force, a quarter-mile at a time, the muscle car was the perfect machine. In the intervening years, these down-and-dirty high-performing beauties have earned their place in the automotive pantheon. As prized by collectors and aficionados as they are by denizens of garages and drag strips, classic muscle cars now fetch upwards of a million dollars at auctions and feature in any story of America's automotive glory days. The icons of muscle car art, including Camaro and Chevelle SS, the Hemi and 440 6 Cuda, Challenger, Roadrunner, Super Bee, GTX, Super Bird, Daytona, Charger, Super Cobra Jet, and Boss Mustang, Talladega, Torino, Buick GSX and W30, Oldsmobile 442 and AMX, Javelin, are all here on full display in this lavishly illustrated volume, each described in a detailed essay followed by a gallery of portraits and special gatefold presentations that capture the art of the muscle car at its finest. *Charger, Road Runner and Super Bee* Paul A.
