,1869 Reflections on the Law of War Frits Kalshoven,2007 The papers collected in this volume span a 35 year period of
active involvement in the reaffirmation and development of international humanitarian law A process under that name
started in 1971 and ended in 1977 with the adoption of two Protocols Additional to the Geneva Conventions of 1949 one for
international and one for internal armed conflicts Subsequent developments brought a narrowing of this gap between
international and internal armed conflicts as well as growing recognition of the interplay between the law of armed conflict
and human rights the rediscovery of individual criminal liability for violations of international humanitarian law the
introduction of further prohibitions or restrictions on the use of specified weapons and so on In contrast with these positive
developments the period was negatively characterised by increasing disrespect not only for some or other minor rule such as
what to do with cash taken from a prisoner of war at the time of his capture but for the very principles underlying the entire
body of the law of armed conflict respect for the other as a human being and hence humane treatment of prisoners of war
and other detainees protection of civilians Throughout the period the author s activities ranged from participation in
lawmaking and law interpreting exercises through attempts at explaining the law of armed conflict in its historical context
and making propaganda for its faithful implementation to critical or even bewildered observance of actual events The papers
