All About Love New Visions:

All About Love bell hooks, 2001-01-09 The word love is most often defined as a noun yet we would all love to better if we used it as a verb writes bell hooks as she comes out fighting and on fire in All About Love Here at her most provocative and intensely personal the renowned scholar cultural critic and feminist skewers our view of love as romance In its place she offers a proactive new ethic for a people and a society bereft with lovelessness As bell hooks uses her incisive mind and razor sharp pen to explode the question What is love her answers strike at both the mind and heart In thirteen concise chapters hooks examines her own search for emotional connection and society's failure to provide a model for learning to love Razing the cultural paradigm that the ideal love is infused with sex and desire she provides a new path to love that is sacred redemptive and healing for the individuals and for a nation The Utne Reader declared bell hooks one of the 100 Visionaries Who Can Change Your Life All About Love is a powerful affirmation of just how profoundly she can *Sexual Orientation and Identity* Matthew Andler, 2025-03-28 Sexual orientation and how we might understand it is a topic that arouses significant controversy Is sexual orientation a natural or social phenomenon Are categories such as queer and straight essential to the human condition or dependent on contingent cultural practices While such questions have been considered from the perspectives of sociology and gender studies they remain relatively underexplored from a philosophical standpoint In this book Matthew Andler breaks new ground examining the metaphysics of sexuality Distinguishing sexual orientation and sexual identity he asks why only certain aspects of sexuality count as sexual orientations arguing that sexual dispositions can only become sexual orientations in virtue of being related to heteropatriarchal kinship structures He then turns to sexual identity arguing that the categories queer and straight are grounded in the political function of sexuality cultures as resisting and/or entrenching heteropatriarchal kinship structures Additionally he critiques capitalist expropriations of queerness in pinkwashing He also argues that trans inclusive interpretations of sexuality categories serve everyone who seeks to build a life outside of the narrow provisions of heteropatriarchal kinship structures *Sexual Orientation and Identity A Philosophical Analysis* will be of interest to those studying the philosophy of gender social metaphysics and gender studies as well as for anyone interested in the conceptual issues underlying debates concerning gender and social justice CONCISE SUMMARY of ALL about LOVE: New Visions by Bell Hooks SkyPrint, 2020-11-21 SYNOPSIS All About Love 2000 breaks down why love remains elusive for many of us From our flawed understanding of what love to our misguided definition of romantic love bell hooks examines common barriers to love and explains that the individuals need to take for themselves the love they need and nurture Love in America Lawrence R.
