CONSTRUCTIVISM: A PRACTICAL APPROACH FOR EFFECTIVE CLASSROOM TEACHING IN SOCIAL SCIENCE (An Empirical Study) Dr.U.K.KULKARNI, 2022-06-20 INTRODUCTION Education is one of the most important factors in achieving the developmental goals of a country Social Science is one among those subjects which is an essential element of education Social Science is of great value and introduces the new ways of thinking reasoning and living It develops the consciousness among the individuals Social Science is a subject which broadens the horizon of an individual and develops various skills and provides opportunity for the professional growth of an individual Social Science has become a great value in the present day Social Science has spread its net on all over the fields of life Before the days of early printing when books were not easily available the knowledge was imparted by the teachers from their own store by lecturing and discussion With the advancement of educational technology and educational research the educationists evolved many teaching skills and techniques which resulted in effective teaching Social Science is such a subject which includes the skills techniques Methods some time laboratory experiments field study and so on The teachers are required to teach in such a way that the students

should learn better understand well and also feel interested while learning Hence in every school there is need for Social Science laboratory to do simple demonstration and activities to develop scientific attitude creativity interest and attitude to get knowledge of handling equipment models specimens etc and to practice skills Through practical knowledge a child learns better and understands the concepts clearly Hence activity based method of teaching is very essential to develop scientific and Critical Knowledge among the students at the secondary level Socio-Cultural Leadership Desmond Blackburn,2009

While many factors influence the success rate of schools none are more influential than the impact of effective local school leadership by way of a principal Socio Cultural Leadership suggests many aspects that impact effective school leadership however none are more substantial than the following tenets of Socio Cultural Leadership As the instructional leader the principal must supervise and evaluate instruction to make sure that students are given optimal learning opportunities As the emotional leader the principal must ensure that teachers are intellectually equipped emotionally stimulated and encouraged to assume decision making positions of leadership in schools to increase student achievement As a community leader the principal must inspire and or provide incentives for student centered communal learning As the facilitator of culture the principal must also realize the limitations of leadership on student achievement and begin to shape and reshape school culture Socio Cultural Leadership is the result of a four year long immersion into school improvement efforts from around the world not to mention my own experiences as a teacher assistant principal principal district trainer director of school improvement and adjunct professor *Rules of the Campfire* Paul S. Moore,2019-11-22 If you woke up one day and realized you had memories from more than seventy lives fluid in every language you d ever spoken and recalled all the texts you d ever read would you wonder why It took Asitr forty years to discover the why Soon after he appears as a guest on a radio talk show to bait traps with the telling of stories He tells tales about his life as one of the world s most popular and quickly forgotten celebrities of gardening for the Prophet Enoch eavesdropping on Satan and Baal Zebub and living between lives in a lost world They sounded like the tall tales of a crazy man Twenty years later a John Doe is found naked and shivering on the grounds of the Harbinger Psychiatric Institute clutching a six inch orb of blue glass and anxious to tell his own story Is it a tale of organized insanity inspired by Asitr s radio appearance Dr Henry Milton has what looks like an easy assignment he has twenty four hours to evaluate the John Doe and refer him for processing But John Doe has a timetable of his own He has less than forty eight hours to convince Dr Milton to suspend his disbelief in a supernatural world where activities swirl around us unseen and mingle within our own natural realm Harcourt School Publishers Social Studies Florida HSP,Harcourt School Publishers Staff,2002 Littell's Living Age Eliakim Littell,Robert S.
