All Math Words Dictionary Large Print Edition:

All Math Words Dictionary - Large Print Edition David E. McAdams, 2015-02-07 One of the difficulties many students experience in learning math skills has to do with the fact that an entire language both spoken and written has grown up around math. Students that acquire that language are successful in math studies. Students that do not acquire that language have serious problems with mathematics. This dictionary is designed to aid in the acquisition of the language of math. All Math Words Dictionary is written for students of pre algebra, beginning algebra, geometry, and intermediate algebra. This dictionary is written using the four C's of math writing: Concise, Definitions are compact yet understandable, Complete. All words and phrases of interest to students of the target classes are included, plus a few just beyond the scope of the target classes. Tables of symbols and notation, formulas, and units of measurement, plus lists of properties of objects, give the student all the information needed to understand the concepts and decipher many word problems. Correct. The definitions have been thoroughly reviewed for mathematical and literary correctness. Comprehensible. The definitions are written to be understood by students in the target classes. Abundant illustrations aid in understanding. This dictionary has over 3000 entries, more than 140 defined notations, in excess of 790 illustrations, International Phonetic Alphabet (IPA) pronunciation guide. *All Math Words Dictionary* David E.
