All The Truth Is Out The Week Politics Went Tabloid:

All the Truth Is Out Matt Bai, 2014-09-30 Now a major motion picture The Front Runner starring Hugh Jackman An NPR Best Book of the Year In May 1987 Colorado Senator Gary Hart a dashing reform minded Democrat seemed a lock for the party's presidential nomination and led George H W Bush by double digits in the polls Then in one tumultuous week rumors of marital infidelity and a newspaper's stakeout of Hart's home resulted in a media frenzy the likes of which had never been seen before Through the spellbindingly reported story of the Senator's fall from grace Matt Bai Yahoo News columnist and former chief political correspondent for The New York Times Magazine shows the Hart affair to be far more than one man's tragedy rather it marked a crucial turning point in the ethos of political media and the new norms of life in the public eye All the Truth Is Out is a tour de force portrait of the American way of politics at the highest level one that changes our understanding of how we elect our presidents and how the bedrock of American values has shifted under our feet

Unexceptional Politics Emily Apter, 2018-02-06 A new vision of politics below the radar One way to grasp the nature of politics is to understand the key terms in which it is discussed Unexceptional Politics develops a political vocabulary drawn from a wide range of media political fiction art film and TV highlighting the scams imbroglios information trafficking brinkmanship and parliamentary procedures that obstruct and block progressive politics The book reviews and renews modes of thinking about micropolitics that counter notions of the state of exception embedded in theories of the political from Thomas Hobbes to Carl Schmitt Emily Apter develops a critical model of politics behind the scenes a politics that operates outside the norms of classical political theory She focuses on micropolitics defined as small events happening in series that often pass unnoticed yet disturb and interfere with the institutional structures of capitalist parliamentary systems even as they secure their reproduction and longevity Apter's experimental glossary is arranged under headings that look at the apparently incidental immaterial and increasingly virtual practices of politicking obstruction obstinacy psychopolitics managed life serial politics Such terms frame an argument for taking stock of the realization that we really do not know what politics is where it begins and ends or how its micro events should be described

Where Have All the Heroes Gone?

Bruce Garen Peabody, Krista Jenkins, 2017 Where Have All the Heroes Gone provides an analysis of heroism's application and meaning among political and media elites as well as the mass public over the past fifty years In asking what has happened to American heroes over this span it explores how heroes are used strategically by governing officials and providers of media content in ways that are frequently divergent from and even directly opposed to popular expectations
