Verb Kelycya G. Gyldanyro,2025-10-23 This book makes a broad and visionary attempt at connecting two schools of thought the importance money holds for us collectively and individually as well as the importance of getting to know who we really are As the title implies it offers a very different way to view our relationship with money and will likely challenge many societal and familial assumptions Money can function as a way to measure the value of a thing or commodity but the author does not believe we should use it as a way to measure the value of human life That is why she refers to money as a verb instead of a noun Money Is a Verb is based on the premise that we deserve to be supported and nourished simply for being alive

Healing Within Michael W. Kovarik,2014-06-10 Healing Within came to be from my journey with breast cancer This healing passage evolved over a few years It did not present itself right away but transpired when I was ready for it to begin First I had to become conscious of this path and perfect a balance within With my initial diagnosis I gave full authority to my traditional doctors a traditional drug therapy and fear It would take a second discovery of this illness to fuse me with my heart and soul My journey to heal within drew me to a path reaching the deepest caverns of my being It was a remarkable awakening of my ability to hear the whispers of my inner voice as it guided me to who I truly am to be It is this disease so grounded in dread and fear that had the power to awaken me to my heart my soul and the quest they were guiding me to be part of Its precious gift life a full life When listening to our inner voice we embrace its message treasure its guidance and trust its love This comforting intimate instrument gently guides us in discovering our authentic self ones genuine life path and the potential we possess to truly heal within Michael W Kovarik
