Fitness Workout Readers Choice:

Runner's World ,2006-08 Runner s World magazine aims to help runners achieve their personal health fitness and performance goals and to inspire them with vivid memorable storytelling **The Reader's Choice** ,2002 Comprehensive English language arts program *FITNESS CENTRAL - The Reader* Rahul Mookerjee,2020-03-07 Back when I started www.rahulmookerjee.com I never ever thought it would morph into a full time business like it is now From Fast and Furious Fitness to Gorilla Grip to 0 Excuses Fitness Gumption Galore and everything else we ve put out thus far it s been a wild wild ride and it promises to get even better The comments and feedback we receive on a regular basis via social media and email etc is something that makes it ALL worth it If there is something that folks love about us it s our direct in your face NO nonsense style not just with regard to fitness instruction but the 0 Excuses Fitness philosophy as well as well as our daily fitness tips that we put out on a regular basis that people wake up to every morning It is THESE fits and the rambunctious ovation to these tips that I put out the first Edition of Fitness Central then the second then the third all in all a mind boggling 153 fitness tips but now and despite the feedback I ve gotten I ll go one BETTER Instead of purchasing all three fitness manuals separately you can now purchase them all as ONE reader one giant MOTIVATIONAL fitness package as it were with all the same tips as in the three books but at a reduced price Truth be told I could charge you upwards of 100 for EACH of the fitness books and you d still get your money s value and THEN SOME Truth be told even ONE of these tips by themselves is worth their worth in GOLD spades mucho dinero what have you And truth be told the BENEFITS you ll get from following even one of these tips far far outweighs what you ll get from following the staid ole routines at the gym for years Now if you re with me thus far and if you ve cracked open even one of the Fitness Central books you KNOW the benefits you ll get from these books Just in case you aren t though and just in case you chance upon this package first up here are at a glance some of the benefits you ll get from this book Finger tip pushups and what you really need to know about them Why the way your muscles look aren t the most important or even a little bit important The skinny on grip strength and building rock solid coruscating levels of kung fu like grip strength My manuals on grip training do a great job here and these tips are but the icing on the cake but a much needing icing The truth about calluses that most people will NOT tell you The one exercise combo that will give you explosive gains all over your upper body Once you go this route you ll never go back trust me How shorter workouts can be just as in fact way more effective than the long drawn out workouts you ve been advised to do and how they benefit your HEALTH and MINDSET more than you could ever imagine How foreign devils in China workout and why these workouts are so brutally effective Yet another one for the books as it were Why your breath is literally the most important thing you should focus upon during your exercise routine and how you can burn fat off your frame almost instantly once you start applying the right breathing techniques Believe me THIS tip alone is something most folks would be happy to drop more than a hundred smackers on to learn You ll learn about my much vaunted and much famous all over the Internet

hill climb from China and how it benefited me and how similar workouts can benefit YOU You will learn how to get cardio workouts in like NEVER before workouts that take less than 15 minutes and leave you soaked in sweat burning fat like never before and feeling on TOP of the world How to lose weight rapidly and do it FAST This is unconventional You won't see this information anywhere else And yet does it work You bet your betsy it does And much much more my friend Grab it now and write back and let me know how you do THE PUSHUP CENTRAL READER! Rahul Mookerjee, 2023-04-24 This book is a gigantic compilation aka a magnum opus containing the two very well received books Pushup Central and Pushup Central the TIPS The first book goes where no man has gone before in terms of pushups and indeed physical activity and shows you unique creative and interesting ways to do pushups that will burn fat off your body quicker like butter in a furnace or ole George Foreman's grills hehe and build lumps of hard solid corrugated MUSCLE over your entire body while doing so Your health and fitness levels will skyrocket dramatically within a while of getting on this routine Your abs will become a bundle of steel and chiseled muscle and you'll have pillars for legs stamina that doesn't run out and SKYROCKETING CONFIDENCE and best of all these exercises will truly develop the iron jaw in your mentally and physically Once you get on the exercises in Pushup Central once you learn them and then DO them regularly as opposed to just read you'll not only become a fitness phenom like NO other in relatively short time at that but you'll find that problems in other areas of your life melt away and you achieve all goals you set for yourself on auto pilot almost You'll focus like a laser on your work and goals and will sleep like a baby at night as well on these routines Truly 100 pushups a day keeps the doctor away for good and I ain't even kidding there And if you thought that was all no I'm just getting started The SECOND book in the series is the world famous book on TIPS extras that were not included in the initial book 51 forgotten TIPS that will take you from being just good at pushups to rarified and STRATOSPHERIC levels of excellence at this exercise In other words the cake is great but the icing is really what makes it uber special and so it is with this cake and the icing and in this book yours truly the bodyweight exercise Guru as the 0 Excuses fanatics swear I am and they're spot on brings you pushups like never before in a style and format that has never ever been put out there before period These tips will help you improve your pushup numbers per set or overall they will BOOST your stamina while doing pushups if you implement correctly they will help you RECOVER faster too You'll learn which are the best supplementary exercises and workouts to do with pushups the best way and best types of pushups to do why certain types of pushups are always a must to do others maybe not so much so and a lot lot more that no one else out there knows let alone teaches you EACH of these tips is probably worth the 150 odd I'm charging for the course which given the massive amounts of information that is NOT known to the public no you cannot find it all on Google either is a pittance my friend a nigh pittance I'm charging you for this course I should really be pricing this at 1000 or thereabouts and likely will at some point But for now we'll stick to a special introductory price of 150 for the Kindle Edition Be sure and check out the paperback and hardcover versions as well Pushing for YOU forever Very best Rahul Mookerjee Fitness Fanatic par excellence
