Vande Kappelle,2021-11-11 At a time when people are increasingly considering themselves spiritual but not religious Wading in Water speaks of spirituality as an individual s connection to a greater whole Hence the process of coming to know what we call God is also the process of knowing oneself Thinking comprehensively spirituality involves what is what can be and what ought to be When activity rationality and morality are infused with creativity and imagination meaning that when body mind and soul are inspired or harmonious with Spirit spirituality is authentic healthy and vital Healthy spirituality is integrative both individually and corporately in that it emerges from wholeness and yearns for wholeness How do we know if we are on a path to increased wholeness When we experience not only individual well being but help generate the same well being toward others In other words wholesome self love leads to greater love for others and for all of life While Wading may be seen as a text on spirituality its uniqueness is its connection of spirituality with creative arts such as poetry literary allegory film music theatre drama and dance Wading is not a comprehensive study for the purpose is to promote the enrichment of life through beauty creativity diversity risk taking newness serendipity and synchronicity joint features of spirituality and the

arts Like its companion text *Walking on Water* this volume is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection
