Award Winning Music Learning:

Praxial Music Education : Reflections and Dialogues David J Elliot, 2005-01-07 Praxial Music Education is a collection of essays by nineteen internationally recognized scholars in music education Each essay offers critical reflections on a key topic in contemporary music education The starting point of each essay and the unifying thread of this collection is the praxial philosophy of music education explained in Elliott's *Music Matters A New Philosophy of Music Education* OUP 1995 This philosophy argues for a socially and artistically grounded concept of music and music education challenging the field's traditional absolutist foundations Praxial Music Education is both a critical companion to *Music Matters* and an independent text on contemporary issues in music education Among the themes discussed are multicultural music education the nature of musical understanding early childhood music education the nature and teaching of music listening music curriculum development and musical creativity Praxial music education is a living theory This unique collection will not only enrich discussions that already use *Music Matters* as their core but will globalize current discussions and applications of the praxial philosophy and emphasize the positive and practical values of collaborative efforts in music education The Oxford Handbook of Social Media and Music Learning Janice L. Waldron, Stephanie Horsley, Kari K. Veblen, 2020 The Oxford Handbook of Social Media and Music Learning provides fascinating insights into the ways in which social media musical participation and musical learning are increasingly entwined Narrative Soundings: An Anthology of Narrative Inquiry in Music Education Margaret S. Barrett, Sandra L. Stauffer, 2012-02-29 This volume focuses specifically on narrative inquiry as a means to interrogate research questions in music education offering music education researchers indispensable information on the use of qualitative research methods particularly narrative as appropriate and acceptable means of conducting and reporting research This anthology of narrative research work in the fields of music and education builds on and supports the work presented in the editors' first volume in *Narrative Inquiry in Music Education* Troubling Certainty Barrett Stauffer 2009 Springer The first volume provides a context for undertaking narrative inquiry in music education as well as exemplars of narrative inquiry in music education and commentary from key international voices in the fields of narrative inquiry and music education respectively *Vocal, Instrumental, and Ensemble Learning and Teaching* Gary McPherson, Graham F. Welch, 2018 *Vocal Instrumental and Ensemble Learning and Teaching* is one of five paperback books derived from the foundational two volume Oxford Handbook of Music Education Designed for music teachers students and scholars of music education as well as educational administrators and policy makers this third volume in the set emphasizes the types of active musical attributes that are acquired when learning an instrument or to sing together with how these skills can be used when engaging musically with others These chapters shed light on how the field of voice instruction has changed dramatically in recent decades and how physiological acoustical biomechanical neuromuscular and psychological evidence is helping musicians and educators question traditional practices The authors discuss research on instrumental learning demonstrating

that there is no ideal way to learn but rather that a chosen learning approach must be appropriate for the context and desired aims This volume rounds out with a focus on a wide range of perspectives dealing with group performance of instrumental music an area that is organized and taught in many varied ways internationally Contributors Alfredo Bautista Robert Burke James L Byo Jean Callaghan Don D Coffman Andrea Creech Jane W Davidson Steven M Demorest Robert A Duke Robert Edwin Shirlee Emmons Sam Evans Helena Gaunt Susan Hallam Lee Higgins Jere T Humphreys Harald Jers Harald J rgensen Margaret Kartomi Reinhard Kopiez William R Lee Andreas C Lehmann Gary E McPherson Steven J Morrison John Nix Ioulia Papageorgi Kenneth H Phillips Lisa Popeil John W Richmond Carlos Xavier Rodriguez Nelson Roy Robert T Sataloff Frederick A Seddon Sten Ternstr m Michael Webb Graham F Welch Jenevora Williams Michael D Worthy
