Второе преимущество, которое имеет место при более широком распространении информации на уровне и развитии ее самой, состоит в том, что и информационные ресурсы государства более или менее равномерно распределяются между различными субъектами страны, а не концентрируются в руках немногих лиц. Это способствует развитию более равномерного экономического развития и более широкому участию граждан страны в управлении государством, что, в свою очередь, способствует развитию демократии.

Далее следует отметить, что **информационная демократия** — это демократия, основанная на широком распространении информации, ее доступности, открытости, прозрачности, — что способствует росту ее эффективности. Широкое распространение информации способствует развитию демократии, а демократия способствует развитию информационного общества.
