Frischmann,2014-07-19 Online personal branding is a requirement for all professionals The common argument of the experts is you have a digital footprint in social media and on the internet so people are already making impressions of you Take control of their perceptions More importantly you have an opportunity to proactively project your personal brand onto networks Two other advantages of personal branding are that it forces you to be visionary of your career goals and helps you land favorable employment This books shares a functional angle to personal branding that is refreshingly simpler than the traditional marketing angle The definition of an online personal brand is the combination of a skill set an aura and an identity and there is discussion where the concepts overlap *Just Show Up* Drew Dyck,2023-10-03 If someone puts one more thing on my shoulders I might collapse Bestselling self help book titles tell you that you re brilliant awesome powerful usually with an expletive thrown in just to pound home the point Do these affirmations feel accurate Instead of blasting through projects and conquering the world most of us feel like we re crawling uphill But Christians are still called to live a life that glorifies God and blesses others How do we do that when we re stretched to capacity *Just Show Up* answers that question with a liberating message God doesn t expect you to do everything And He certainly doesn t expect you to do it all overnight Simply

showing up is often the most important thing This book looks at present day examples and also stories from Scripture of imperfect people used by God Moses by his own admission wasn't very eloquent but he showed up and God used him to liberate and lead His people We name churches and children after the disciples But originally they were just a bunch of uneducated nobodies with one thing in common when Jesus said Follow me they showed up With humor and candor Dyck reflects on his own faltering progress while recounting inspiring stories of how God rewards the persistent presence of ordinary people Just Show Up challenges readers to show up for God family community and themselves We tend to think it's the big bold moments that matter In reality it's the steady accumulation of small acts of obedience to God that add up to a life of meaning and impact Dyck
