Countdown to Socialism Anthea Jeffery, 2023-07-19 With growth stalling joblessness at crisis levels and governance unravelling most South Africans cannot fathom why the ANC does not embark on meaningful reform The answer lies in what is seldom raised the ruling party's unwavering determination to take the country by incremental steps from capitalism to socialism This transformation is being implemented via a Moscow inspired national democratic revolution NDR dating back many decades Despite the Soviet Union's collapse in 1991 the ANC SACP alliance still sees the NDR as offering the most direct route to socialism in South Africa and hence as its bedrock strategy The NDR has been implemented in many different spheres since 1994 By way of example NDR interventions have already made millions of people unemployable and the mining sector largely uninvestable They now aim at land expropriation without compensation EWC and the effective nationalisation of private healthcare and pensions The NDR is the key to understanding ANC rule over some 30 years yet most South Africans have been kept in the dark on it This book aims to fill that gap Written in clear and simple language it provides an indispensable primer on the NDR and its role in the countdown to socialism in South Africa *China and Africa* Young-Chan Kim, 2017-01-20 This book encapsulates the New Normal Policy which has changed the regional policy between China and the African continent This volume emphasises China's role in Africa as a collaborator in an attempt to fulfil the Beijing consensus in emerging countries The contextual research encompasses how one can comprehend the influence of the Chinese model in Africa and her diplomatic relations with the continent *China and Africa A New Paradigm of Global Business* endeavours to define whether or not the Washington model has become weathered and the Beijing consensus more relevant in this specific continent [Push Back](#) Judith Large, 2016-12-15 In 2009 after decades of conflict the Sri Lankan government proclaimed the decisive defeat of the Liberation Tamil Tigers of Elam Subsequently the state proved resistant to attempts by the UN and other international bodies to promote post war reconciliation or reform In this incisive new work Judith Large investigates the ways in which the Rajapaksa government was able to subvert international diplomatic efforts as well as

exploring the wider context of rising Sinhalese nationalism the attendant growth of discrimination against minorities and efforts by both the diaspora and citizens within Sri Lanka to work towards a positive peace Push Back is vital reading not only for those interested in Sri Lanka but also for those concerned about the wider implications of the conflict for human rights peace making and geopolitics

Retaking America Nick Adams, 2016-02-23 Political correctness has ripped through America turning life liberty and the pursuit of happiness into lifelessness suppression and the pursuit of mediocrity Meanwhile Europe is in its death throes completely infected by the political correctness disease Australian Nick Adams believes only America has the cure But the race is on Will America be able to save itself in time and lead a stunning turnaround or will it succumb to a European fate With creativity flair and his trademark wit Australian Nick Adams deftly exposes why political correctness is behind every problem in America today and why it is every American's patriotic duty to defy politically correct mandates He explains Americans face a momentous choice in this election year and lays out a roadmap for an American renaissance

Making Cities Global A. K. Sandoval-Strausz, Nancy H. Kwak, 2017-09-12 In recent decades hundreds of millions of people across the world have moved from rural areas to metropolitan regions some of them crossing national borders on the way While urbanization and globalization are proceeding with an intensity that seems unprecedented these are only the most recent iterations of long term transformations cities have for centuries served as vital points of contact between different peoples economies and cultures Making Cities Global explores the intertwined development of urbanization and globalization using a historical approach that demonstrates the many forms transnationalism has taken each shaped by the circumstances of a particular time and place It also emphasizes that globalization has not been persistent or automatic many people have been as likely to resist or reject outside connections as to establish or embrace them The essays in the collection revolve around three foundational themes The first is an emphasis on connections among the United States East and Southeast Asia Latin America and South Asia Second contributors ground their studies of globalization in the built environments and everyday interactions of the city because even world spanning practices must be understood as people experience them in their neighborhoods workplaces stores and streets Last is a fundamental concern with the role powerful empires and nation states play in the emergence of globalizing and urbanizing processes Making Cities Global argues that combining urban history with a transnational approach leads to a richer understanding of our increasingly interconnected world In order to achieve prosperity peace and sustainability in metropolitan areas in the present and into the future we must understand their historical origins and development

The Reverend David Simcox Galloway an American Presbyterian educator and clergyman is seeking to establish a secondary school for boys in what is now southeastern Turkey at the border with Syria This is the story of two eventful weeks one in March 1910 and the other in September 1925 In 1910 he is struggling just to prepare a proposal to create the school In 1925 the new campus is ready and about to open Diligent quiet well intentioned and idealistic Galloway often feels overwhelmed by the challenges of life and work on the mission field He encounters violence cultural friction illness isolation and loss and sometimes unexpected satisfaction and joy This narrative represents post colonial critiques of mission while also embodying the way Christians of the time lived their faith expressed themselves and observed the norms of their social context The novel tells a compelling personal story while digging into issues of intercultural encounter indigenous agency vernacularization interfaith relations gender roles in mission the advent of modernity mission philanthropy in that era and the effects of imperialism in the Middle East David Galloway reconsiders many of his assumptions over the time span of this story Lessons in Mythology Edmund P. Cueva,Deborah Beam Shelley,2020-05-15

This volume offers eight approaches to myth its uses and purposes from viewing personal narrative as a form of healing myth to observing the atrocities committed daily arising from the most destructive form of myth The authors of the eight chapters here note that myths have existed from the beginning of the human race in a myriad of forms and serving a myriad of functions Indeed the shared observation of these scholars is that humans have always been storytellers and always will be

because myths are a part of the lives of every single person they are the story of us Under Siege Don Hutchinson, 2017-02-21 Writing from the perspective of a student of life history law politics and theology Don Hutchinson draws on all of these areas in Under Siege to offer perceptive insight into the Christian Church of today's Canada The reader will receive the benefit of his thirty years of church leadership Christian witness constitutional law and public policy experience to gain a practical understanding of how we the Church may cast the deciding votes on the future of Christianity in our constitutionally guaranteed free and democratic society How did we get here What happened to Christian Canada Do we not have Charter rights like everyone else What does the Bible say Many Christians sense that an advancing secularism is trying to force upon Canadians a culture in which faith is meant to be private Hutchinson presents historic legal and theological grounds for us not to hide our faith in stained glass closets but instead to enter Canada's contested public space with confidence Together as individual Christians congregations denominations and para congregational ministries we are the Church in Canada And together we have the capacity to impact the nation for God's good the good of our neighbours and the good of ourselves Will we **Mission in Context: In Search of Asian Strategic Communication of the Gospel** Thang Deih Lian Davidlianno, 2018-05-09 There is a profusion of missional issues emerging in the Asian fields that call Christ's followers to actively witnessing the Truth Missionaries from different continents have come to serve the Asian nations and yet these God's loving missionaries effectiveness often seem to have left in the shade by some damaging fruits and sometimes being too much of Westernness stemming from a diversity of lacking knowledge particularly the local contexts to contextualize and lack of preparation The irrefutable finding is appealing within the Asian mission study in regard to the essentiality in equipping the Christians so that the ministries in Asia will experience the effectiveness in cultivating the diverse contexts cultures with the text Scripture they have Many principles and practical information from this book grew out of the authors experiences and the reflection of Missiologists and scholars such as Andrew Walls Christopher Wright Kazoh Kitamori Paul Hiebert etc **China: From Poverty to World Power** Paolo Urio, 2024-10-19 The second edition of this book updated to February 24 2024 presents a comprehensive evaluation of the strategy implemented by China to manage its modernization process The author evaluates to what extent the economy has been developed whether the imbalances due to the priority given to economic development have been corrected and whether the improvements of science and technology have allowed China to develop world class high tech sectors and a modern defence Clearly the end of the XX Century saw the fulfilment of Zhou En Lai four modernizations i e the acquisition of power resources that fulfilled Mao's proud 1949 statement we stood up thereby projecting China into the international arena as a re-emerging world power The author insists on the fundamental difference between American and Chinese ideologies as the main drivers of their foreign policy i e the extreme rigidity of the former compared to the remarkable flexibility and adaptability of the latter He further explains the consequences of the increasingly aggressive American foreign policy i e the US pretence to act as the leader of the

existential struggle between democracy and dictatorship This posture reached its apex during the Ukrainian and the Middle East crises that unveiled the irreversible decline of the West and have become two formidable accelerators of the transition from the unipolar world America made to the multipolar world promoted by China Russia and the BRICS Human Behavior and the Social Environment, Macro Level Katherine S. Roose, G. P. Marcar, 2023-12-22 Security Religion and the Rule of Law argues that true substantive and sustainable national security is only possible through respect for the rule of law human rights and religious freedom Despite the emphasis on national security and the war on terror that has preoccupied governments for over two decades nations and the world seem to be more divided than ever with a concomitant impact of increasing the risk of terrorism and religious and political violence The national security paradigm previously reserved primarily for foreign threats has been turned increasingly inwards focusing on a state's own citizens as potential threats This is often along religious lines threatening fundamental human freedoms This book provides a series of critical engagements on some of the most pressing issues at the interface of religion and security today including proposing a deeper engagement with theology when dealing with freedom of religious belief exploring a better understanding between domestic peace and international relations abiding by the rule of law while countering terrorism and developing a broader understanding of identities and of the nature of citizenship It provides the resources to further reflect upon and address these topics as well as stimulate further discussions on religion and security matters across a range of different disciplines Wide ranging case studies consider Australia China Europe the Kurdish people Nigeria Russia Ukraine the United Nations and the United States This book will appeal to students and scholars across a range of disciplines including international relations law philosophy political science religious studies security studies and theology It will also appeal to human rights lawyers judges NGO researchers governmental agency specialists and policy makers Chapter 5 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **Lit 21 - New Literary Genres in the Language Classroom** Engelbert Thaler, 2019-06-11 *Panta rhei* The world is in motion So is literary production New literary genres like digital fiction text talk novels fan fiction or illustrated novels to name a few have developed over the last 20 years And TEFL has to reflect these new

trends in literature production These are some of the reasons why this book is dedicated to the use of post millennial literary genres in English Language Teaching As all edited volumes in the SELT Studies in English Language Teaching series it follows a triple aim 1 Linking TEFL with related academic disciplines 2 Balancing TEFL research and classroom practice 3 Combining theory methodology and exemplary lessons This triple aim is reflected in the three part structure of this volume Part A Theory Part B Methodology Part C Classroom with several concrete lesson plans

Reclaiming the Church Family Matthew T. Kimbrough, 2022-01-20 Why bother with church Can't I follow Jesus on my own Christians young and old struggle to answer these questions believing Scripture says little about church life But the Bible is far from silent The New Testament envisions a vibrant church of devoted brothers and sisters adopted into God's family The biblical image of the church family has the power to reshape everything our local churches do the ways pastors lead how members engage one another what worship leaders sing and much more Now is the time to reclaim a biblical vision of the church as a family and reject the prevailing corporate church paradigm assumed by church growth gurus The church that thinks of itself as a family will learn to build meaningful relationships and show the unbelieving world how good church life can be
