The Problem of Ireland in Tudor Foreign Policy, 1485-1603 William Palmer,1994 His thesis is simple English policy in Ireland was shaped to a greater extent than has previously been realized by foreign policy and the power politics of the Counter Reformation A brief but important book CHOICE Dr Palmer explores the role of sixteenth century Ireland in considerable depth examining how it changed during times of crisis abroad and how the tensions provoked by the Reformation in England introduced an ideological element into international politics He shows how the failure of Henry s invasions of Scotland and France in the 1540s led to greater involvement in Ireland by these countries which in turn led to the entry of more and more English officials into Ireland and the implementation of increasingly aggressive policies This study thus shows that Tudor rule in Ireland reflected wider international politics with significant implications WILLIAM PALMER is Professor of History at Marshall University in Huntington West Virginia **Kiplinger's Personal Finance**

Smith, Sam Bhuyan, Mohammad Iqbal, Donald R. Monahan, 2012-12-06 *Parking Structures* provides a single source reference for parking structure designers, builders and owners. This third edition is still the only such book. It addresses how to select the best functional and structural designs for a given situation, ensure long term durability, design for easy maintenance, decide on the number and placement of entrances and exits, design an easily understood wayfinding system, design for ADA compliance, plan for internal auto and pedestrian traffic circulation, select the most effective and energy efficient lighting system, avoid the most common design and construction pitfalls, provide for adequate patron safety and security, carry out needed repairs and extend the parking structure life. *Parking Structures* addresses all the major issues related to parking garages. It is an essential reference for parking structure owners, structural engineers, architects, contractors and other professionals. New in the third edition: This third edition of *Parking Structures* includes new material on metric dimensions and recommendations for functional design, globally new research on flow capacity and queuing at parking entry/exits, an entirely new chapter on planning for a new parking structure including cost issues and alternatives to structure construction, pedestrian considerations, safety in parking facilities, plazas above parking structures, an expanded chapter on seismic design, seismic retrofit, life cycle cost analysis and upgrades to existing structures. *Corporate Crime Under Attack* T.

Cullen, Gray Cavender, William J. Maakestad, Michael L. Benson, 2014-09-25 In exploring the criminalization of corporations, this book uses the landmark Ford Pinto case as a centerpiece for exploring corporate violence and the long effort to bring such harm within the reach of the criminal law. Corporations that illegally endanger human life now must negotiate the surveillance of government regulators and risk civil suits from injured parties seeking financial compensation. They also may be charged with criminal offenses and their officials sent to prison. *Product Safety & Liability Reporter*, 2005. *Armed and Dangerous* United States. Congress. House. Dunnell, 2013-03-07 *Americanist Culture History* reprints thirty-nine classic works of Americanist archaeological literature published between 1907 and 1971. The articles in which the key concepts and analytical techniques of culture history were first defined and discussed are reprinted with original pagination and references to enhance the use of this collection as a research and teaching resource. The editors also include an introduction that summarizes the rise and fall of the culture history paradigm, making this volume an excellent introduction to the field's primary literature. *MotorBoating*, 2003-08. *General Index to Papers and Annual Reports of the American Historical Association, 1884-1914* American Historical Association, 1918. **Antarctic**
