The Royal Navy, Seapower and Strategy between the Wars C. Bell, 2000-08-02 This revisionist study shows how the Royal Navy's ideas about the meaning and application of seapower shaped its policies during the years between the wars It examines the navy's ongoing struggle with the Treasury for funds the real meaning of the one power standard naval strategies for war with the United States Japan Germany and Italy the influence of Mahan the role of the navy in peacetime and the use of propaganda to influence the British public

What They Wished For Lawrence J. McAndrews, 2014-05-15 As a religious bloc Roman Catholics constitute the most populous religious denomination in the United States comprising one in four Americans With the election of John F Kennedy as president in 1960 they attained a political prominence to match their rapidly ascending socioeconomic and cultural profile From Vietnam to Iraq the civil rights movement to federal funding for faith based initiatives and from birth control to abortion American Catholics have won at least as often as they have lost What They Wished For by Lawrence J McAndrews traces the role of American Catholics in presidential policies and politics from 1960 until 2004 Though divided by race class gender and party Catholics have influenced issues of war and peace social justice and life and death among modern presidents in a profound way starting with the election of President Kennedy and expanding their influence through the intervening years with subsequent presidents McAndrews shows that American Catholics led by their bishops and in some cases their pope have been remarkably successful in shaping the political dialogue and at helping to effect policy outcomes inside and outside of Washington Indeed although they opened this era by helping to elect one of their own Catholic voters have gained so much influence and have become so secure in their socioeconomic status and so confident in their political standing that they closed the era by rejecting one of their own voting for George W Bush over John Kerry in 2004

China's Economic Relations with the West and Japan, 1949-1979 Chad Mitcham, 2005-09-16 Between 1949 and 1979 China was officially self sufficient and under allied trade embargo this text examines the complicated history of how economic relations between China and the West Japan developed during that period

China's Economic Relations with the West and Japan, 1949-79 Chad J. Mitcham, 2005 During the period 1949 to 1979 communist China was officially pursuing a policy of self sufficiency and the United States and its allies were officially

implementing a trade embargo against communist China However this book based on extensive original research demonstrates that China was highly dependent on Western Japanese grain imports The text shows that groups lobbying on behalf of Western Japanese grain producers and related industries had successfully found ways of by passing the embargo This book charts the complicated picture of how economic relations between China the West and Japan developed in these years

Dean Acheson Robert L. Beisner, 2009-03-06 In this acclaimed biography Robert L Beisner paints an indelible portrait of one of the key figures of the last half century In a book filled with insight based on research in government archives memoirs letters and diaries Beisner illuminates Acheson s major triumphs including the highly underrated achievement of converting West Germany and Japan from mortal enemies to prized allies But underlying all his actions Beisner shows was a tough minded determination to outmatch the strength of the Soviet bloc

Roosevelt, the Great Depression, and the Economics of Recovery Elliot A. Rosen, 2012-10-05 Historians have often speculated on the alternative paths the United States might have taken during the Great Depression What if Franklin D Roosevelt had been killed by one of Giuseppe Zangara s bullets in Miami on February 17 1933 Would there have been a New Deal under an administration led by Herbert Hoover had he been reelected in 1932 To what degree were Roosevelt s own ideas and inclinations as opposed to those of his contemporaries essential to the formulation of New Deal policies In *Roosevelt the Great Depression and the Economics of Recovery* the eminent historian Elliot A Rosen examines these and other questions exploring the causes of the Great Depression and America s recovery from it in relation to the policies and policy alternatives that were in play during the New Deal era Evaluating policies in economic terms and disentangling economic claims from political ideology Rosen argues that while planning efforts and full employment policies were essential for coping with the emergency of the depression from an economic standpoint it is in fact fortunate that they did not become permanent elements of our political economy By insisting that the economic bases of proposals be accurately represented in debating their merits Rosen reveals that the productivity gains which accelerated in the years following the 1929 stock market crash were more responsible for long term economic recovery than were governmental policies Based on broad and extensive archival research *Roosevelt the Great Depression and the Economics of Recovery* is at once an erudite and authoritative history of New Deal economic policy and timely background reading for current debates on domestic and global economic policy

The Economic Section 1939-1961 Alec Cairncross, Nita Watts, 2022-01-26 First published in 1989 *The Economic Section 1939 1961* is a rare study of economic policymaking as seen from the inside The Economic Section formed in 1939 1940 was the first group of professional economists to operate full time at the centre of government in the United Kingdom and its views on many issues of economic policy were frequently decisive In this volume two former members of the Section draw on their memories and on the public records to trace the history of the Section from the early days of the war to the end of the 1950s Alec

Cairncross and Nita Watts discuss the advice offered by the Section the controversies that followed advisers and how Ministers responded They present a picture of the day to day working of the Section but inevitably focus on the more dramatic episodes when major issues of policy were in dispute or important new issues were posed Separate chapters are devoted to the Section s role in four main areas fiscal monetary incomes and external economic policy In illuminating influence on policy exercised by officials and the place of expert advice in economic management this work will appeal to a wide range of readers It offers the student of economics or politics a picture of what in practice goes to the making of economic policy
