Practice Of Change Barbara J. Balliet, Kerrissa Heffernan, 2023-07-03 This volume, seventh in the *Service Learning in the Disciplines* Series, explores the important lessons women's history and women's studies hold for the broader service learning community and the critical opportunity for women's studies to reconnect with its activist past. The book includes essays with real examples of service learning projects in women's studies and lists an extensive bibliography of service learning and women's studies sources.

Gender Roles in Ireland Margret Fine-Davis, 2014-09-15 *Gender Roles in Ireland* documents three decades of attitude change, showing changing attitudes toward the role of women in Ireland from 1975 to 2005, a key period of social change in this society. The book presents replicated measures from four separate surveys carried out over three decades. These cover a wide range of gender role attitudes as well as key social issues concerning the role of women in Ireland, including equal pay, equal employment opportunity, maternal employment, contraception, etc. Attitudes to abortion, divorce, and moral issues are also presented and discussed in the context of people's voting behaviour in national referenda. Taken together, the data available in these studies paint a detailed and complex picture of the evolving role of women in Ireland during a period of rapid social change and key developments in social legislation. The book brings the results up to the present by including new data on current gender role issues from Margret Fine-Davis' latest research.
