

Street Bike Named Desire.

Also known as the
C1000 Custom. There
should be a full-width mirror
at every mirror dealer be-
cause if you see how you look
on this bike you'll know it was
made just for you. That's why we
call it the Custom.

We combined handle and head-
lamp like no you ride now and easy
adjustment handles give you that
last touch feel. Engine parts are
up-pouch tight. Your ride is
for. Mufflers are quiet and

smooth. Black, high-gloss "Custom"™
look as tough as they really are.
We made them up for us having
the cylinder heads 22 degrees to
keep CV cam's away from stress.

You get a custom profile that you
don't think possible on a bike
with this much power
lean and hungry
for action.

As you can see the Custom has
no small mirrors and we mean made.
Actually it's that the other custom bike
engine's even made. And on other
side of other design. And with the
combination of looks and power
that you really get.

It's got the very same engine
and drive train that revolutionized
the middleweight class last year. And
improves the Honda's reputation
right down this 12.5 liter. And
some doing why others have
been so upset at the Custom.

See the one you've been waiting
for. Honda's the best. The great reason
others today don't make it is they
don't really.

Actually, when it comes to the
best bike, you can't find a better
one. We know for the last 10 years. And
we know for the last 10 years. And
we know for the last 10 years. And
we know for the last 10 years.
