EFA Global Monitoring Report - 2013-2014 - Teaching and Learning Achieving quality for all

UNESCO,2014-02-04 The 2013 2014 Education for All Global Monitoring Report shows that a lack of attention to education quality and a failure to reach the marginalized have contributed to a learning crisis that needs urgent attention Worldwide 250 million children many of them from disadvantaged backgrounds are not learning the basics Teaching and Learning Achieving Quality for All describes how policy makers can support and sustain a quality education system for all children regardless of background by providing the best teachers The Report also documents global progress in achieving Education for All goals and provides lessons for setting a new education agenda post 2015 In addition the Report identifies that insufficient financing is hindering advances in education **Economic Development for Everyone** Mark M.

Miller,2017-05-09 How do we create employment grow businesses and build greater economic resilience in our low income communities How do we create economic development for everyone everywhere including rural towns inner city neighborhoods aging suburbs and regions such as Appalachia American Indian reservations the Mexican border and the Mississippi Delta and not just in elite communities Economic Development for Everyone collects organizes and reviews much of the current research available on creating economic development in low income communities Part I offers an overview of the harsh realities facing low income communities in the US today their many economic and social challenges debates on whether to try reviving local economies vs relocating residents and current trends in economic development that emphasize high tech industry and high levels of human capital Part II organizes the sprawling literature of applied economic development research into a practical framework of five dynamic dimensions empower your residents begin with basic education enhance your community build on existing assets encourage your entrepreneurs diversify your economy and sustain your development This book assembled and presented in a unified framework will be invaluable for students and new researchers of economic development in low income communities and will offer new perspectives for established researchers professional economic developers and planners and public officials Development practitioners and community leaders will also find new ideas and opportunities along with a broad view on how the many complex parts of economic development interconnect

Handbook of the Economics of Education ,2023-01-18 The Handbook of the Economics of Education describes the research frontier in key topical areas and sets the agenda for further work Modern analysis in the economics of education has made tremendous strides in understanding fundamental issues related to the production of human capital and the impact of varying institutional features of education systems By bringing together some of the world s leading scholars this volume provides a unique view of scholarship in the area The international perspectives of the editors Hanushek at Stanford Machin at LSE and Woessmann at Munich leads to a volume with something for all researchers Topics range from the economics of early childhood education to inequality in society to cash transfers in developing countries Identification

and evaluation of the state of the art Clear descriptions of the meaning of existing research and the most likely avenues for the future Insights into how policy interventions in education can help or hurt human capital outcomes *Handbook of Contemporary Education Economics* Geraint Johnes, Jill Johnes, Tommaso Agasisti, Laura López-Torres, 2017-12-29 This Handbook provides a comprehensive overview of the modern economics of education literature bringing together a series of original contributions by globally renowned experts in their fields Covering a wide variety of topics each chapter assesses the most recent research with an emphasis on skills evaluation and data analytics **Behavioral Science & Policy: Volume 2, Issue 1** Craig Fox, Sim B. Sitkin, 2016-11-22 The success of nearly all public and private sector policies hinges on the behavior of individuals groups and organizations Today such behaviors are better understood than ever thanks to a growing body of practical behavioral science research However policymakers often are unaware of behavioral science findings that may help them craft and execute more effective and efficient policies The pages of this new journal will become a meeting ground a place where scientists and non scientists can encounter clearly described behavioral research that can be put into action By design the scope of BSP is broad with topics spanning health care financial decisionmaking energy and the environment education and culture justice and ethics and work place practices Contributions will be made by researchers with expertise in psychology sociology law behavioral economics organization science decision science and marketing The journal is a key offering of the Behavioral Science Policy Association in partnership with the Brookings Institution The mission of BSPA is to foster dialog between social scientists policymakers and other practitioners in order to promote the application of rigorous empirical behavioral science in ways that serve the public interest BSPA does not advance a particular agenda or political perspective The first issue s contents follow Behavioral Science Policy vol 2 no 1 Table of Contents Editors Note Spotlight Pre Kindergarten Interventions American Policy on Early Childhood Education Development Many Programs Great Hopes Modest Prospects Ron Haskins Evidence for the Benefits of State Prekindergarten Programs Myth Misrepresentation Dale C Farran Mark W Lipsey Reforming Head Start for the 21st Century A Policy Prescription Sara Mead Ashley LiBetti Mitchel Home Visiting Programs Four Evidence Based Lessons for Policymakers Cynthia Osborne Launching Preschool 2 0 A Road Map to High Quality Public Programs at Scale Christina Weiland A 10 Year Strategy of Increased Coordination Comprehensive Investments in Early Child Development Ajay Chaudry Jane Waldfogel Reimagining Accountability in K 12 Education Brian P Gill Jennifer S Lerner Paul Meosky Featured Topic Healthy Through Habit Interventions for Initiating Maintaining Health Behavioral Change Wendy Wood David Neal Making the Truth Stick the Myths Fade Lessons from Cognitive Psychology Norbert Schwarz Eryn Newman William Leach Editorial Policy [The Political Economy of Human Behaviour and Economic Development](#) Sangaralingam Ramesh, 2022-09-24 This book explores how economics can be based around studies on human behaviour rather than relying on overly simplified assumptions generated from mathematical modelling Through examining the link between human economic activity and psychology

specifically regarding the development of cognitive and non cognitive ability insight into the human dimensions of economic development and the sources of human inequality are provided This book aims to question assumptions of rationality utilised in neoclassical economic theory and suggest how economic activity can be better understood through a deeper recognition of human behaviour It will be relevant to students and researchers interested in the political economy and behavioural economics

Credit Rating Governance Ahmed Naciri,2015-01-30 Credit rating agencies play an essential role in the modern financial system and are relied on by creditors and investors on the market In the recent financial crisis their power and reliability were often questioned yet a simple rating downgrade could threaten to bankrupt a whole country This book examines the governance of credit rating agencies as expressed by their ability to fairly ethically and consistently assign higher rates to issuers having lesser default risks However factors such as the drive for increased revenue and market share the inadequate business model the inadequate methodology of assessing risk opacity and inadequate internal monitoring have all been identified as critical governance failures for credit agencies This book explores these issues and proposes some potential solutions and improvements This will be of interest to researchers and advanced students of corporate finance finance financial economics risk management investment management and banking

After Piketty Heather Boushey,J. Bradford DeLong,Marshall Steinbaum,2017-05-08 Are Thomas Piketty s analyses of inequality on target Where should researchers go from here in exploring the ideas he pushed to the forefront of global conversation In *After Piketty* a cast of economists and other social scientists tackle these questions in dialogue with Piketty in what is sure to be a much debated book in its own right
