F Rizvi

2014 Grd 1oct Nov Economics P2:

The Economics and Law of Public Procurement Annalisa Castelli, Gustavo Piga, Tünde Tátrai, 2024-12-11 Public procurement makes up a significant part of national economies 10 25% of gross domestic product GDP depending on the country Appropriate laws and regulations are an essential tool to direct the action of procurers towards the public good and avoid corruption and misallocation of resources while at the same time sustaining progress and social goals The original approach of this book combines juridical economic and technical expertise to find common terrain and a common language in order to debate the specific issues that affect public administrations across the world that need advancing and modernizing The book features contributions across four specific themes of interest to the procurer s day to day job in modern public purchasing organizations preferences and political economy in public procurement climate change defence procurement and human rights in public procurement The aim is to let the new emerging trade offs between competition and sustainability emerge highlighting at the same time the possible synergies between the relevant policy objectives The book takes into account sectoral specificities reinforced by recent global events such as wars natural disasters and populism The unique format features in each section an interdisciplinary debate between two experts across different disciplines who deliberate and engage one another so as to improve the mutual understanding across disciplines followed by two additional

contributions This book will be of interest to scholars researchers and policymakers worldwide **EFA Global Monitoring Report - 2013-2014 - Teaching and Learning Achieving quality for all** UNESCO, 2014-02-04 The 2013 2014 Education for All Global Monitoring Report shows that a lack of attention to education quality and a failure to reach the marginalized have contributed to a learning crisis that needs urgent attention Worldwide 250 million children many of them from disadvantaged backgrounds are not learning the basics Teaching and Learning Achieving Quality for All describes how policy makers can support and sustain a quality education system for all children regardless of background by providing the best teachers The Report also documents global progress in achieving Education for All goals and provides lessons for setting a new education agenda post 2015 In addition the Report identifies that insufficient financing is hindering advances in education Cambridge International AS and A Level Economics Coursebook with CD-ROM Colin Bamford, Susan

Grant, 2014-11-13 This Third edition for Cambridge International AS and A Level Economics syllabus 9708 is thoroughly updated for first examination from 2016 Written by experienced authors in an engaging and accessible style this Coursebook provides comprehensive coverage of the syllabus and rigorous and relevant content for AS and A Level Economics students Included in this book is a free student CD ROM containing revision aids further questions and activities A Teacher s CD ROM is also available **Comparative Politics** Daniele Caramani, 2020 Comparative Politics provides a comprehensive

introduction to political systems around the world It covers methods and theories the nation state institutions actors and processes policies and recent changes **Informe de Seguimiento de la EPT en el Mundo - 2013-2014**

UNESCO,2014-04-30 **Structural Racism** Stephen Menendian,2025-06-30 This book explains how racial inequality in the United States is produced and perpetuated and what should be done about it It develops the elusive concept of structural racism presenting a precise definition that is clear and comprehensible and illustrates how it operates methodically and rigorously Many other books are long on problems and short on solutions whereas this book develops the key principles that must ground a structural reform agenda and then presents a broad ranging set of interventions organized around ten themes that will reduce racial disparities while expanding opportunity for all Unlike most books on race which focus on a particular issue or sector this book is comprehensive in its scope encompassing the vital systems that shape racial inequality in contemporary American society from education and public schools to income and wealth disparities to housing and health care to policing and the criminal justice system As such this book is the ideal text for readers seeking to learn more about structural racial inequality in society how it came to be that way and what we should do about it while deepening our understanding and challenging many misguided or simplistic prevailing notions In a time of backlash to racial justice and growing doubts about racial equity initiatives this book is a timely and necessary entry A must read for advocates students policymakers and researchers alike Statistical Register New South Wales. Bureau of Statistics and Economics,1934

The Annalist ,1938 The European Union After the Crisis Hugo Radice,2017-10-02 The global financial and economic crisis struck the European Union and its member states with particular force from 2009 onwards The immediate problem was the knock on effects of the crisis on each country s public finances Bank bail outs imposed a massive increase in sovereign debt on member states while the economic recession unavoidably led to ballooning budget deficits via the usual mechanisms of reduced taxes and increased welfare spending Subsequently the Eurozone sovereign debt crisis exposed the hidden weaknesses in the monetary and financial arrangements that had accompanied the launch of the Euro the severe economic imbalance between member states rooted in longer term structural divergences and the inadequate institutional mechanisms for resolving these difficulties This book originated from an EU funded international research network on Systemic Risks Financial Crises and Credit the Roots Dynamics and Consequences of the Sub Prime Crisis Contributions explore and evaluate some of the ways in which the institutions and policies of the European Union and its member states have changed in response to the problems brought about by the crisis This book was originally published as a special issue of the Journal of Contemporary European Studies

A Taxing Journey Paolo de Renzio,2024-01-25 This open access book examines how civic organizations can influence tax policy and administration in ways that benefit ordinary citizens through in depth case studies from a wide range of countries including France Guatemala Kenya Mexico Philippines Uganda and the United States These cases demonstrate the ways in which civic coalitions have crafted convincing narratives and used creative strategies to change the political incentives of policymakers and yield more equitable tax reform The cases cover a wide range of types of tax reform from taxes on specific items like fuel tobacco and mobile money applications to personal and corporate income

taxes They also highlight the use of a variety of approaches by civic actors such as media campaigns advocacy with legislators and strategic litigation to influence policy These examples covering a range of lower and higher income countries across many aspects of tax systems give us useful examples to build on demonstrating that citizens everywhere can influence tax policy and ultimately secure fairer societies The ebook editions of this book are available open access under a CC BY 4 0 licence on www.bloomsburycollections.com
