Jehovah's Witnesses in Europe Gerhard Besier,Katarzyna Stokłosa,2021-08-18 The history of Jehovah s Witnesses in Europe has always been one of persecution This third volume documents this history turning eastward For the first time the circumstances of a religious minority under different political systems can be compared across the continent The studies gathered here provide insight into the methods of repression used by governments and mainstream churches the survival strategies of Jehovah s Witnesses and their various experiences under Eastern European dictatorships The initially cordial relationship with Jehovah s Witnesses that developed after 1990 has steadily reverted to religious discrimination culminating in Russia s renewed ban of Jehovah s Witnesses in 2017 and the confiscation of their properties By violating the universal human right of religious freedom the same conditions that prevailed in the Soviet era have now returned to modern Russia With severest discrimination and abusing jurisdictional procedures to reach their political aspirations the State tries to crush a religious community Against this background it is all the more important not to turn a blind eye to the situation of religious minorities in Eastern Europe but instead to take an honest public stance against it Law of the European Convention on Human Rights David John Harris,Michael O'Boyle,Ed Bates,Carla Buckley,2023 This seminal text offers a comprehensive account of the case law of the ECHR and its underlying principles It provides a guide to decisions under the Convention and its protocols article by article as well as explaining the history and likely development of the law **The African Conundrum** Mawere, Munyaradzi,Mubaya, Tapuwa R.,2017-05-22 The African conundrum is rooted out of the historical philosophical and cultural bastardisation imbalances and inequalities which many post colonial African governments have always sought to address though with varying degrees of success since the 1960s Lamentably this African conundrum is rarely examined in a systematic manner that takes into account the geopolitical milieu of the continent past and present This volume seeks to interrogate and examine the extent of the impact of the geopolitical seesaw which seems poised to tip in favour of the Global North The book grapples with the question on how Africa can wake up from its cavernous intellectual slumber to break away from both material and psychological dependency and achieve a transformative political and socio economic self reinvention and self assertion While the African conundrum is largely a result of historic oppression and a resilient colonial legacy this book urges Africans to rethink their condition in a manner that makes Africa responsible and accountable for its own destiny The book argues that it is through this rethinking that Africa can successfully transcend the logic of post imperial dependency **Religious Freedom** Gerhard Besier,Olaf Lange,Ilkka Huhta,2019-05 Restrictions with respect to religious freedom have been in place in authoritarian states for a number of years We can observe a new period of co operation between authoritarian states and state churches Some churches have assumed a clearly political position even in belligerent conflicts by justifying wars criminalizing their religious competitors and thereby exploiting the Christian Gospel for non Christian purposes In this volume scholars from Europe and North America discuss the core objective of religious

freedom in the West and East seeking measures to encourage religions to act and interact independent of deliberate political stances to maintain their distance from territorial governments and to strengthen the principle of religious freedom and thereby their own denomination as well **Under Caesar's Sword** Daniel Philpott,Timothy Samuel Shah,2018-03-15 The first systematic global study of how Christians respond to persecution presenting new research by leading scholars of global Christianity Historical Dictionary of Jehovah's Witnesses George D. Chryssides,2019-05-15 Originating from a small group of Bible students who met under Charles Taze Russell s leadership and grew into an international Society to which the second leader Joseph Franklin Rutherford and gave the name Jehovah s Witnesses Two World Wars shaped Watch Tower attitudes to civil government armed conflict and medical innovations such as blood transfusion as well as to mainstream churches The twenty first century has seen some important changes in the Watch Tower organization and coverage is given to changes in organizational structure its use of the World Wide Web and its major relocation from Brooklyn to Warwick This updated second edition of Historical Dictionary of Jehovah s Witnesses contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on key concepts themes and people relating to Jehovah s Witnesses This book is an excellent resource for students researchers and anyone wanting to know more about Jehovah s Witnesses **General Principles of the European Convention on Human Rights** Janneke Gerards,2023-07-13 Provides broad and deep insight in the core concepts and principles of the European Convention on Human Rights The European Convention on Human Rights William Schabas,2015 The first complete article by article English commentary on the ECHR with chapters devoted to each distinct provision or article this commentary explores the substance of the rights the workings of the Court and the enforcement of judgments **ProQuest Statistical Abstract of the United States 2014** Bernan Press,ProQuest,2013-12-19 Questions come across the reference desk on all topics How many hate crimes were there in 2008 Are there many book clubs in the U S Do you have the GDP for the U S for the past 10 or so years How many people use Facebook All of these questions can be answered by the ProQuest Statistical Abstract of the United States Published annually by the Federal Government since 1878 The Statistical Abstract of the United States is the best known statistical reference publication in the country and perhaps the world You ll find it behind nearly every reference desk in U S libraries as the authoritative go to source Librarians value the Statistical Abstract as both an answer book and a guide to statistical sources As a carefully selected collection of statistics on the social political and economic conditions of the United States it is a snapshot of America and its people The Statistical Abstract print edition resembles the Census version that users know and love plus more with Thousands of tables from hundreds of sources and valuable detailed bibliographic documentation Updated introductory sections and back of the book index 8 1 2 x 11 hardcover format to withstand heavy use 25% larger type for easier reading Use the Abstract as a convenient volume for statistical reference and as a guide to sources of more information **The European Court of Human Rights and Minority Religions** Effie

Fokas,James T Richardson,2020-04-28 This book includes a collection of studies focused on engagements of religious minorities with the European Court of Human Rights ECtHR Beginning with an introduction of the global importance of the ECtHR as a standard setter in the protection of religious minority rights the subsequent five chapters entail critical assessments of some of the Court s case law dealing with religious minority claims exploring their clarity and consistency or lack thereof and controversiality In the process these texts impart a nuanced perspective on the challenges the Court faces in striking the right balance between protecting individual freedoms and respecting state rights to manage nationally and culturally sensitive matters The second set of contributions makes readers privy to the varied results of this balancing act on the ground Specifically it offers empirically based insight into the impact of the Court s religion related case law on grassroots religious minority groups working to defend their individual and communal rights The chapters taken together deepen our understanding of the ECtHR in its approach to and impact on religious minorities and offer a rare vantage point on the Court from the messages its generates to the messages received by religious minorities at the grassroots level The chapters in this book were originally published in Religion State Society the Journal of Muslim Minority Affairs and Democratization
