10 pages | 2486 words

Everyone have their own unforgettable moment, including me. I have many unforgettable moment. One of it is the moment I went to my grandparent's house at Terengganu with my family a couple years ago. Terengganu is the place where nature embraces heritage. There are many wonders of Terengganu and many things to explore. Actually, my father did not plan to take us for a walk at there. But he did when my siblings persuade him to. Luckily, our persuasion was succeeding.

Before we depart to my grandparent's house, we pack our stuff first as usual. I brought my hat and sunglasses along with me. My father always told us to minimize our stuff when we want to go to his hometown. He does not like so many bags in his car. However, I just brought along the unnecessary things as long as my bag has an empty space. The journey to go there took about six hours. On the journey, I saw plenty of palm oil trees, lake and greenery forests.

We arrived at our grandparent's house in the evening. They greeted us with an open arm. After we had kept our stuff, my grandmother invite us to eat lompat tikam, che mek molek and kuih akok. My father really loves the kuih akok. I remembered that he always buy it in the fasting month. Then we take a walk along Batu Buruk beach at Kuala Terengganu. The beach has white sands and swaying casuarinas living behind the shore, like a loyal friend to the waves. I played kite with my siblings, riding a horse and soak my legs in the water at the seaside.

The next morning I went to Terengganu State Museum complex. The museum was acclaimed to be the largest museum in South East Asia. There are many century-old artefacts and artworks representing the state's rich cultural and heritage. It houses the original Inscribed Stone of Terengganu, with religious decree inscription, which proves the acceptance of Islamic teachings in the state well before the rest of the peninsular. It took hours to round all the part in the museum because it has many wings.

In the evening, I went to Tengku Tengah Zahrah Mosque or more commonly called Floating Mosque. It has a unique design which is built on a floating platform, giving a floating feel from far away. The mosque is built on the estuary of Terengganu River by one of the prince in Terengganu state. Combining both modern and Moorish architecture design, the mosque symbolizes the innovation and modernisation in the state. Constructed with a lake surrounding it, much like a moat, the mosque is popularly referred to as the Floating Mosque. In the evening, the sun shines on the mosque, turning the building into a golden colour while the cooling breeze blow from the South China Sea.

On the next day, I went to Redang Island. Redang Island is indeed one of Malaysia's most idyllic islands. This tropical paradise offers pearly-white sandy beaches, sparkling clear seawater, lovely sunrises and spectacular marine life....

On Teaching that Works Feliks Tans, Agustinus Semiun, Basri K., Hilda M. Nalley, and Patrisius Warduna, 2020-01-15 As its name shows that is On Teaching That Works this book is about teaching that hopefully can empower our students to be better in their life in and after their formal schooling To be better is of course not just dependent on teaching it also depends on learning That is students can indeed be better in and beyond schools if they learn harder smarter day by day throughout their life span Learning harder smarter is ideally the result of among other things how teachers teach their students This is why this book covers also some issues related to learning a process through which learners can move individually and or collectively from being dependent to being independent with characters that are universally acceptable In that sense although the focus of this book seems to be in and around the teaching and learning of writing in general in English as a foreign language EFL in particular it may also be relevant for those who are interested in educational issues in general like how a teacher can be an inspiring one and

not just a good or a superior one Chapter Four or how our schools should be redesigned in order to make them more effective in empowering our students in and beyond their formal educational processes Chapter 9 We have to acknowledge that the articles presented in this book have been made public before either in academic journals or in academic seminars We believe that by transferring those articles into a book form the ideas we have discussed before can then have broader audience and therefore be more beneficial for its audience worldwide We believe however that this book is not a perfect one We are therefore looking forward to having any criticism from our readers to make it better in the future **The Straight-A Conspiracy** Hunter Maats, Katie O'Brien, 2012-06 The Straight A Conspiracy takes you through simple stress free ways to conquer any class in school [America Discovers C.
