(Class – XI)

Think it out

Question 1:

What does the word 'cardboard' denote in the poem? Why has this word been used?

Answer 1:

A 'cardboard' in this poem refers to the stiff paper on which her mother's photo is pasted. A cardboard is made of multiple piles of material. In earlier times, this was the best way to preserve photos. After pasting the photo, a border was put on its four corners so that the photo remained there for decades. The poet used it because she is sitting with a decades old photo of her mother.

Question 2:

What has the camera captured?

Answer 2:

The camera has captured the three girls—the poet's mother and her two cousins, Betty and Dolly, in their swimming dresses with the poet's mother in the middle and the two cousins on either side holding her hands and walking on beach. This photo was clicked when she was twelve years old and went on a family trip for a holiday.

Question 3:

What has not changed over the years? Does this suggest something to you?

Answer 3:

What has not changed even after so many years is the sea. Just like the ocean was 30 years ago when her mother had gone for a walk, it is still the same today. Even today the same waves are hitting the rocks and the same view is there. Human beings come and go but nature's creation remains the same.

Question 4:

The poet's mother laughed at the snapshot. What did this laugh indicate?

Answer 4:

The poet's mother laughed at the snapshot because it reminds her of childhood when she used to live a tension free life. Everyone loves his past and wants to share the memories related to it with the next generation. Something similar happened with poet's mother also. Seeing that picture, she remembers her days when she went to the beach with her cousins to spend the most memorable moments of her life and this brings a big laugh on her face. This laughter tells that she still loves those days and the memories are still alive in her heart.

Question 5:

What is the meaning of the line "Both wry with the laboured ease of loss."

Answer 5:

Both author and her mother had some beautiful memories and a sense of loss with those memories attached to it. Her mother smiles after seeing the photo from 30 years ago and starts remembering her days when she enjoyed the beach as a child. But the sad part was that now that day and childhood were gone forever. The poet is also happy about the smile on her mother's face, which came almost twelve years ago when she was alive, but the thought that she is not alive today hurts her.
