In *Literacy Reframed*, the authors offer a game-changing new way to think about and teach literacy at all levels. You will gain a dynamic path forward for creating classrooms that fully support students on their literacy journeys and prepare them to become not just literate, knowledgeable citizens but also lifelong lovers of reading. Use this resource to implement a robust, research-affirmed alternative to classroom skill work. Gain a thoroughly researched background on the current issues and challenges in the world of literacy. Understand how phonics gives students a foundation in decoding words and the mechanics of reading to underpin a lifetime of literacy success. Grasp the necessity of immersing students in vocabulary words throughout their classroom experience. Discover how background knowledge is essential to reading comprehension and becoming literate. Consider the role of digital reading in a literacy-rich classroom. Contents: Acknowledgments, Table of Contents, About the Authors, Preface, Introduction, Chapter 1: The Sound of Literacy: Decoding and Phonics, Chapter 2: The Look of Literacy: Vocabulary, Chapter 3: The Knowingness of Literacy: Knowledge, Chapter 4: Digital Reading: Closing Ready to Reframe Literacy, References and Resources, Index **Popular Culture, New Media and Digital Literacy in Early Childhood** Jackie Marsh, 2005 This book offers a range of perspectives on children's multimodal experiences, providing a ground-breaking account of the ways in which children engage with popular culture, media, and digital literacy practices from their earliest years. Many young children have extensive experience of film, television, printed media, computer games, mobile phones, and the Internet from birth, yet their reaction to media texts is rarely acknowledged in the national curricula of any country. This seminal text focuses on children from birth to eight years, addressing issues such as media and identity construction, media literacy practices in the home, the changing nature of literacy in technologically advanced societies, the place of popular and media texts in children's lives, and the use of such texts in the curriculum. By exploring children's engagement with popular culture, media, and digital texts in the home, community, and early years settings, the contributors look at empirical studies from around the world and draw out vital new theoretical issues relating to children's emergent techno-literacy practices. With an unmatched team of international experts evaluating topics from text messaging to the Teletubbies, this book is a long-overdue, fascinating and illuminating read for policy makers, educational researchers, and practitioners, and crosses over to appeal to those in the linguistics field.
