**Citizen Designs** Eli Elinoff, 2021-03-31 What does it mean to design democratic cities and democratic citizens in a time of mass urbanization and volatile political transformation Citizen Designs City Making and Democracy in Northeastern Thailand addresses this question by exploring the ways that democratic urban planning projects intersect with emerging political aspirations among squatters living in the northeastern Thai city of Khon Kaen Based on ethnographic and historical research conducted since 2007 Citizen Designs describes how residents of Khon Kaen s railway squatter communities used Thailand s experiment in participatory urban planning as a means of reimagining their citizenship remaking their communities and acting upon their aspirations for political equality and the good life It also shows how the Thai state used participatory planning and design to manage both situated political claims and emerging politics Through ethnographic analysis of contentious collaborations between residents urban activists state planners participatory architects and city officials Eli Elinoff s analysis reveals how the Khon Kaen s railway settlements became sites of contestation over political inclusion and the meaning and value of democracy as a political form in the first decades of the twenty first century Elinoff examines how residents embraced politics as a means of enacting their equality This embrace inspired new debates about the meaning of good citizenship and how democracy might look and feel The disagreements over citizenship like those Elinoff describes in Khon Kaen reflect the kinds of aspirations for political equality that have been fundamental to Thailand s political transformation over the last two decades which has seen new political actors asserting themselves at the ballot box and in the streets alongside the retrenchment of military authoritarianism Citizen Designs offers new conceptual and empirical insights into the lived effects of Thailand s political volatility and into the current moment of democratic ambivalence mass urbanization and authoritarian resurgence

Handbook of Research on Critical Issues and Global Trends in International Education Barker, Megel R., Hansen, Robyn Conrad, Hammer, Liam, 2023-11-24 The Handbook of Research on Critical Issues and Global Trends

in International Education addresses the growing complexity and diversity of international schools by examining the critical issues and global trends faced by practitioners in this field. With a lack of research on the experiences and actions of school practitioners in these isolated workplaces, this book aims to provide practical and evidence-based solutions. The book covers a wide range of topics including equity and access, diversity, teacher retention, legal frameworks, school typology, governance, cultural competence, third culture kids, leadership, and practice technology and parent engagement. Written by educational professionals, researchers, and anthropologists, it offers a unique collection of voices from those with lived experiences in this field, making it an invaluable resource for anyone interested in gaining a deeper understanding of the international school sector. Whether you are an educator, researcher, policymaker, school leader, lecturer, or anthropologist, the Handbook of Research on Critical Issues and Global Trends in International Education is a must-read comprehensive guide to the complexities and challenges of international education, providing practical solutions for improving the quality of education in this rapidly evolving field. If you are looking to gain a nuanced understanding of the critical issues facing international schools and evidence-based approaches for addressing these challenges, this book is the perfect resource for you.

**The Dynamism of Civil Procedure - Global Trends and Developments** Colin B. Picker, Guy Seidman, 2015-11-11. This book shows the surprising dynamism of the field of civil procedure through its examination of a cross-section of recent developments within civil procedure from around the world. It explores the field through specific approaches to its study within specific legal systems and within discrete sub-fields of civil procedure. The book reflects the latest research and conveys the dynamism and innovations of modern civil procedure by field, method, and system. The book's introductory chapters lay the groundwork for researchers to appreciate the flux and change within the field. The concluding chapters bring the many different identified innovations and developments together to show the field's ability to adapt to modern circumstances while retaining its coherence even across different legal systems, traditions, fields, and analytic approaches. Specifically, in this book, the presence of dynamism is explored in the legal systems of the EU, France, the US, Brazil, Australia, the UK, and China. So too that dynamism is explored in the contributions, analyses, and discussions of the changes or need for change of specific aspects of civil procedure, including litigation costs, class actions, derivative actions, pleadings, and res judicata. Furthermore, most of the individual contributions may be considered to be comparative analyses of their respective subjects, and when considered as a whole, the book presents the dynamism of civil procedure in comparative perspective. Those discrete and aggregated comparative analyses permit us to better understand the dynamism in civil procedure for change in the abstract, can be less visible, and its significance and impact less evident. While similar conclusions may have been drawn through examinations in isolation, employing comparative analytic methods provided a richer analysis, and any identified need for change is correspondingly advanced through comparative analysis. Furthermore, if that analysis leads to a conclusion that change is necessary, then comparative law may provide pertinent examples for such change as well as

methodologies for successfully transplanting any such changes In other words as this book so well reflects comparative law may itself usefully contribute to dynamism in civil procedure This has long been a *raison d'être* of comparative law and as clear from this book's contributions in this particular time and field of study we find that it is very likely to achieve its lofty promise

*Provincial Democracy* Rama Sundari Mantena, 2023-08-24 Situated within the context of seismic global transformations of the early twentieth century namely the two World Wars and the crisis of the imperial order *Provincial Democracy* delves into the period between the decline of empire and the rise of the nation This period the book contends is defined by not only the dominance of the nation state and debates over a new global order but also the expansion of democratic participation in defining and negotiating political futures and an increased use of the language of liberalism political rights and self government in colonial India Moreover it shifts the focus from the dominant narrative of linguistic nationalism as defining regionalism on to debates over questions of representation rights political reforms and federalism Thus it uncovers a broad perspective on political imaginaries that anticipated democracy in independent India

**Global Trends in Human Resource Management** Edward E. Lawler III, John W. Boudreau, 2015-06-24 Since 1995 USC's Center for Effective Organizations CEO has conducted the definitive longitudinal study of the human resource management function in organizations By analyzing new data every three years since then the Center has been able to consistently chart changes in how HR is organized and managed while at the same time providing guidance on how professionals in the field can drive firm performance *Global Trends in Human Resource Management* the seventh report from CEO provides the newest findings about what makes HR successful and how it can add value to organizations today Edward E Lawler III and John W Boudreau conclude that HR is most powerful when it plays a strategic role makes use of information technology has tangible metrics and analytics and integrates talent and business strategies To adapt to the demands of a changing global marketplace HR is increasingly required to span the boundaries between its function the organization as a whole and the dynamic environment within which it operates This report tracks changes in a global sample of firms that shows how HR differs across Europe the U S and Asia providing an international benchmark against which to measure a company's practice and shows how HR can adapt in a rapidly changing landscape

**Ignorance is Bliss: The Chinese Art of Not Knowing** Mieke Matthyssen, 2021-06-15 This book examines the popular yet puzzling Chinese saying *Nande hutu* to uncover how the ancient Chinese wisdom of not knowing is constructed interpreted practiced and valued in contemporary society Originating in the calligraphy of Qing dynasty scholar Zheng Banqiao *Nande hutu* translates literally as hard to attain muddle headedness Mieke Matthyssen traces the historical development of this saying and related philosophies to reveal a culturally conditioned multi layered inclination to different forms of not knowing In contemporary society she argues this inclination forms part of a living art in some respects a passive evasive strategy for self preservation in other respects a strategy for coping with intrapersonal interpersonal and social complexities Drawing on an extensive range of primary sources and original research

the analysis skillfully combines philosophical and socio historical analysis with theory from Chinese philosophy philosophical psychology and the relatively new field of indigenous psychology to provide an in depth understanding of how Nande hutu has shaped and continues to shape the Chinese psyche and behaviour This book will appeal to all readers looking for fresh insights into Chinese culture and in particular to students and scholars of Chinese and Asian studies cultural and social anthropology and philosophical and indigenous psychology

**International Education Aid in Developing Asia** I-Hsuan Cheng, Sheng-Ju Chan, 2015-05-22 This book provides an Asian perspective on the timely urgent questions of how international education aid and development should move forward and what development roles Asia should play especially following the end of the UN Millennium Development Goals MDGs and Education for All EFA in 2015 To answer these questions four separate but interwoven parts which analyze and anchor education MDGs and EFA policies and practices by means of diverse case studies of donor states recipient states and states with a dual and transitional role in Asia are addressed On the basis of the analyses a clearer and concrete direction for effectively and sustainably extending international education aid and development beyond 2015 can be derived

Applying the Person-Centred Approach to Global, Social and Personal Crises Mairi McMenamin, Kate Munro, 2025-09-12 Against the backdrop of current debates in society about mental health and responses to crises this edited volume examines the person centred approach PCA as a vital framework for addressing contemporary mental health challenges and promoting psychosocial resilience across diverse cultural contexts This book tackles a range of themes and topics that reflect challenging contemporary global social and personal issues such as war and conflict social care grief and loss artificial intelligence and neurodiversity Chapters explore the universal issues that face the person centred experiential and humanistic counselling communities in our current times as well as the barriers to addressing these issues and the models of good innovative practice that have sought to tackle them This book demonstrates how non directivity proves to be crucial for affecting meaningful change for the self Presenting first hand practitioner experience and guidance this book will be of significant value amidst current dialogue and debate on the value of the PCA when working with people and organisations in times of crises Focusing on the wider application of the PCA beyond the therapy room and the response it offers to current societal challenges this book will be essential reading for person centred practitioners counselling researchers and policymakers interested in crises conflicts and social changes
