The Age of Choice Sophia Rosenfeld,2025-02-04 Finalist for the Cundill History Prize A New York Times Book Review Editors Choice A sweeping history of the rise of personal choice in the modern world and how it became equated with freedom Choice touches virtually every aspect of our lives from what to buy and where to live to whom to love what profession to practice and even what to believe But the option to choose in such matters was not something we always possessed or even aspired to At the same time we have been warned by everybody from marketing gurus to psychologists about the negative consequences stemming from our current obsession with choice It turns out that not only are we not very good at realizing our personal desires we are also overwhelmed with too many possibilities and anxious about what best to select There are social costs too How did all this happen The Age of Choice tells the long history of the invention of choice as the defining feature of modern freedom Taking readers from the seventeenth century to today Sophia Rosenfeld describes how the early modern world witnessed the simultaneous rise of shopping as an activity and religious freedom as a matter of being able to pick one s convictions Similarly she traces the history of choice in romantic life politics and the ideals of human rights Throughout she pays particular attention to the lives of women those often with the fewest choices who have frequently been the drivers of this change She concludes with an exploration of how reproductive rights have become a symbolic flashpoint in our contemporary struggles over the association of liberty with choice Drawing on a wealth of sources ranging from novels and restaurant menus to the latest scientific findings about choice in psychology and economics The Age

of Choice urges us to rethink the meaning of choice and its promise and limitations in modern life The Quick Theory
Reference Guide Karin Jordan,2007 Since the beginning of the concepts of family therapy mental health professionals have known that the family the system is a powerful source of support for change or a powerful force for resistance to change Some professionals work with individuals some with families and some with groups However all work with the context of the systems family group community country etc Students especially beginning students are overwhelmed and confused at the variety of approaches to working with clients Many programs introduce students to individual as well as systems concepts in the course of training Students need assistance in learning this variety of theories They need to be able to compare and contrast theories and techniques to determine when and where to utilise the best skills in order to facilitate client change Dr Karin Jordan has compiled a comprehensive text that enables the students to discover each theory as it is presented in its purist form The text is accessible yet the content provides comprehensive knowledge of each theory Dr Jordan has brought together the master educators and clinicians in our fields to write about their particular expertise *Reading is My Window*
