Civilizations 3 e provides a comprehensive and straightforward account of the world's first civilizations and a brief summary of the way in which they were discovered Worlds in Transition Joseph Camilleri, Jim Falk, 2009-01-01 We are living through a unique moment of transition marked by a frenetic cycle of invention construction consumption and destruction However there is more to this transition than globalization argue the authors of this unique and penetrating study In their highly innovative approach they set this transition against a broader evolutionary canvas with the emphasis on the evolution of governance The book's detailed analysis of five strategic sectors economy environment health information and security points to an intricate and rapidly evolving interplay of geopolitical cultural and Splitting the Day of the Lord Wayne Brouwer, 2018-10-24 As ancient Israel's size and influence declined her prophets began to increasingly predict a new act from God that would accomplish three things on a global scale 1 a purifying judgment that would reset the scales of justice and remove the degrading effects of evil 2 the carving out of a remnant community deeply devoted to Yahweh expanding to include international participation and 3 the ushering in of a messianic age in which goodness harmony and righteousness would pervade every dimension of life on earth Jesus' disciples connected the prophetic Day of the Lord with his coming and redemptive work Yet many questioned whether the full impact was made manifest in Jesus since wars did not cease broad judgment on sin and evil was not unleashed and the full blessings of the predicted messianic age were not evident Jesus did something that no one had anticipated however by splitting the Day of the Lord into two divine acts instead of one This is what distinguishes Christianity from its Jewish roots as well as its Islamic successor neither of which acknowledge this unique aspect of Jesus' person and work or the reworking of how and when the Day of the Lord would take place
